WORK WILL START ON BIG ADDITIONS TO PLANT AT ONCE

Two Immense Buildings to Be Added, Along With Big Tunnel Kilns—Will Employ Approximately 750 More Within Next Year—To Be Largest Pottery in World Making Hotel Ware. Contracts For Enlargement Are Already Awarded For Part of Work. New Buildings on Site Adjoining Present Large Pottery Near Grant Street.

Within a year, perhaps much less, New Castle will be the world's largest producer of hotel and restaurant chinaware, announcement being made today by the Shenango Pottery of an expansion of their present plant in this city to double its size, the installation of four tunnel kilns, and the erection of two immense buildings, one 150x540 feet, the other 100x500 feet.

When the addition to the present plant is completed the present working force of 750 will be doubled, and no other plant of similar character in the world will turn out the volume of finished ware that will be made here. The additions will be made on sites adjoining the present plant.

The announcement is one of far-reaching importance to the city of New Castle. It is an announcement that will be received with elation by every man and woman in the city, for it means a splendid increase to the payroll of this city, a plant that represents the finest in modern pottery-making, and a product that will go over the entire United States.

Start Work Immediately

Contracts have already been let to the American Dressler Tunnel Kiln Company, Inc., for the erection of four of their latest muffle type kilns. Two of these will be used for the firing of the bisque ware and two for the glost ware. One bisque kiln more than 425 feet long, and one glost kiln 325 feet long will be erected this summer, and the other two will be constructed in 1928. The foundations for all four kilns will be installed this summer and the buildings necessary for their installation put up this summer. With this done the actual completion of the other two kilns will be completed early next year.

The addition of these four tunnel kilns will mean an increased capacity equivalent to 40 periodic kilns, of the kind used now. This plant will be the first hotel chinaware plant in the world to adopt tunnel kilns for this kind of ware, and it marks an innovation in the chinaware world.

Tunnel Kiln New Development

The principle of the tunnel kiln is the newest development in the firing of products for which high uniform temperatures are required. It consists of a long brick tunnel into which cars holding the chinaware are propelled automatically at a very low rate of speed. The temperature gradually increases until the firing chamber is reached and gradually decreases from this point to the point of exit. The fuel used is either natural gas or oil, and owing to the fact that practically all waste heat is utilized, a great saving in fuel is possible. Time and labor are also saved for the reason that a tunnel kiln has but one entrance and one exit, permitting it to be loaded at one place and unloaded at one place. An additional advantage is the improved quality of ware produced, due to the fact that uniform heat is produced at one source instead of 10 separate firing boxes, as in a periodic kiln.

In 1909 this company purchased

FIND NO TRACE OF MISSING FRENCH FLIERS

Combing Search Is Under Way In Atlantic Ocean

North Atlantic Coast Is Fog-Bound—Flyers May Be On Ocean

MANY VESSELS JOIN IN SEARCH

U. S. Expert Suggests Flyers May Have Landed On Labrador Coast

(International News Service)

NEW YORK, May 10.—A combing search was begun today over the north Atlantic for Captain Charles Nungesser and Captain Francois Coli, French airmen, who disappeared while trying to make a non-stop flight from Paris to New York.

It has been more than 58 hours since the aviators in the "White Bird" took off from Paris early Sunday morning to try to span the Atlantic in a single hop. This morning the men and their plane were still missing, although during the past 24 hours Europe and America have been thrilled a half dozen times by false reports that the French machine and its venturesome occupants had been sighted off the American coast at various points.

Cutters Join Hunt

United States navy coast guard cutters and ocean-going tugs are engaged in the hunt over the storm-tossed, fog-bound reaches of the north Atlantic along the steamer lane followed by ships in their northern passage to and from European ports.

It is understood that French warships, and possibly British car craft, will join the search, thus making a

Mrs. Snyder In State Of Collapse; Gray Is Resigned To Doom

"Icy Blonde" Breaks Down As Sentence Of Death In Electric Chair Is Delivered By Verdict Of Jury—Gray Declares He Has "Made His Peace With God"; Mrs. Snyder Suffers Epileptic Fit, Physicians Report.

HENRY JUDD GRAY

RUTH SNYDER

By JAMES L. KILGALLEN

LONG ISLAND CITY, N. Y., May 10.—Mrs. Ruth Brown Snyder who, with her lover, Henry Judd Gray, is to be sentenced next Monday to death in the electric chair, was today in a state of collapse.

The woman who had been called the "icy blonde" because of her cold self-possession for days in court lay semi-conscious in her cell in Queens County jail, suffering from the effects of a hysterical spasm that was diagnosed by physicians as an epileptic fit.

She broke down completely last night when a jury returned verdicts of guilty against her and Gray for the murder of her husband, Albert Snyder, in her home on March 20. "O, My God!—I never thought I'd get this!" she cried.

Mrs. Snyder became hysterical and fainted again in her cell this morning. A doctor worked over her for half an hour before he succeeded in reviving her.

Gray, prayer book in hand, accepted the verdict stoically.

Under Drug Influence

Mrs. Snyder was kept under the influence of morphine and chloral this morning to prevent a repetition of the emotional outbreak that followed her conviction. Physicians summoned to her cell found her

Poplar Bluff, Missouri, Hard Hit By Tornado

Rescuers Recover 47 Bodies; Fear Toll Of Dead Is Near 75

TWISTER LEVELS BUSINESS SECTION

School Building Razed Just As School Is Being Dismissed

(International News Service)

POPLAR BLUFF, Mo., May 10.—As a bright sun shone through the crispy may air to disclose more clearly the desolation wrought by the twister that tore through the main section of the city late yesterday, rescuers continued their ceaseless task of tearing away debris that probably covered additional dead and injured.

Forty-seven bodies had been recovered early today and it was officially estimated between 50 and 75 persons were killed and approximately 250 injured.

Only a few buildings remained standing in the business district today. The twister ripped its way into the city from the southwest skipping the Black river and causing considerable damage to East Poplar Bluff.

Several school children and a few merchants were killed on the east of the river. School was about to be dismissed when the storm struck, demolishing the school house.

Relief Arrives

The speed with which relief forces arrived in Poplar Bluff helped to lessen the suffering of the injured. Not a drug store remained standing in the city and no medical supplies were available.

Doctors, nurses and medical supplies were rushed from St. Louis, Charleston, Cape Girardeau and

Plans Are Moving For Charity Ball To Aid Flood Fund

Committees Are Named And Sale Of Tickets Is Now Under Way

Further Plans For Event Are Now Being Arranged By Chairmen

No large contributions were announced by the Red Cross today for the Mississippi flood sufferers' relief fund, but a number of small contributions added some to the total, which is around $4,000. The Allison Memorial Bible class of the Bell Memorial church of Ellwood City sent in a check for $10, the Jewish Ladies' Relief Society, $25, and the Bethel United Presbyterian church, $41.65. It is hoped that the churches of the country will follow the example of the city churches and make May 15 flood relief Sunday and help swell the total.

Plans for the relief charity ball and mardi gras are going forward with zeal. Mayor William H. Dunlap, the general chairman of the affair, today announced an honorary executive committee which will serve. They follow: vice presidents, Fred L. Rentz, Harry Alexander and D. M. Kirk. Members, Samuel Foltz, Percy L. Craig, A. Crawford Hoyt, Robert C. Love, Thomas H. Hartman, James M. Smith, C. J. Kirk, Marcus Feuchtwanger, Rev. C. J. Williamson, P. J. Flaherty, Speer Marousis, Fr. Half Dozen States Are Struck By Freak Storms Dealing Death

TEXAS REPORTS HEAVIEST TOLL

Arkansas Also Suffers Heavily From Tornado—Relief En Route

By GENE HOFFMAN
International News Service Staff Correspondent

CHICAGO, May 10.—Two hundred dead, several thousand injured and property damage that will run into millions—

Such was the approximate toll compiled here today of the freak wind and rain storms that did a weird dance of death over a half dozen middle and southwestern states late yesterday and last night.

Missouri, Arkansas and Texas were the hardest hit, the estimated dead in these three states reaching a total of 175. A score more were killed in Kansas and Illinois.

In Storm's Path

Iowa, Wisconsin, Michigan, Indiana and Oklahoma also felt the storm's wrath and sustained heavy property damage. No loss of life has been reported from these states. Violent wind and rain storms were

FATHER IS KILLED.
(International News Service)

BUTLER, Pa., May 10.—Five children were left fatherless today by the death of Andrew Salak, 35, who was killed in the Columbia Steel Co. plant here last night. He was working at a set of rolls when a bar knocked him to the floor fracturing his skull. A widow also survives. Salak lived in Lyndora.

There's a movement on that's for you and me, a movement that needs a boost, and we don't expect that you'll hang around like chickens astride a roost. Its a forward step for your old home town, an Expansion that ought to grow, and its up to you to get back of it, with your talents and interest and dough. Its easy enough to sit down and cry, and knock what another does, but the fellow who cashes the checks at the bank, is the fellow who makes things buzz. Get back of this work with a heave and a push, don't let your work come too late, for we need some boosters to shove along, the weather is sixty-eight.

Pottery Announcement Gives Added Emphasis To Expansion Movement; Many Projects Are Boosting City

Through a happy coincidence, or the vagaries of Fate, New Castle's Expansion Movement sponsored by the New Castle Chamber of Commerce is being carried out just when some real expansion is announced.

Today's News carries the story of the expansion of the Shenango Pottery Company, and this one announcement is cause for every citizen to congratulate himself that New Castle has such a plant. The intensive work of the past ten years has shown its effect at the pottery and the business has just outgrown the plant. It's a big league expansion movement in itself for it means eventually a plant wherein 1,500 men and women will be employed.

City Progress

Recently the story was carried on the expansion of the National Radiator Company's plant, and this piece of work is about completed. The two huge buildings, one 300 feet long and one 900 feet long are up and the pouring floor is laid in the main building. This also means a large increase in the working force and the consequent gain to New Castle.

Another expension movement which was announced a few days ago is that of the Universal Sanitary Manufacturing Company. This plant has added another tunnel kiln to its equipment, an addition made necessary by the rush of orders for the new color ware. The kiln is installed and shortly the plant will be turning out 45 cars of ware per month instead of 20. This is another increase in the working force.

In the building line, New Castle has expanded many million dollars worth in the past 18 months. First the new Scottish Rite Cathedral, costing about $1,500,000.00, which has been opened for some time.

The new City-County Home, on the Ellwood road, costing nearly half a million dollars. The new sewage disposal plant south of the city costing about $400,000.000.

On Mercer street "The Castleton" hotel is nearing completion and this will represent $750,000.00. And in a short time, the new Jameson Memorial hospital of 150 beds will be under way, a project for which the late David Jameson gave $600,000 but which may cost even more.

This evening contracts are expected to be let for the erection of an addition to the Senior High School which will cost over $300,000.00 and a little later contracts will be awarded for the erection of a new Junior high school, the land for which has already been purchased. This will mean about $600,000.00. An addition to the McGill School is being put on at the present time.

Contract will be awarded during the week, it is expected for the erection of a new six story banking house at the corner of Mercer and Washington streets, for the home of the First National Bank of Lawrence County.

The Water Company, Gas Company, and Bell Telephine Company, are engaged in a series of improvements of large proportions, making extension to meet the rapidly growing demands here.

In addition there are many private projects that are under way, which mean much in city development.

The Pennsylvania Legislature at its recent session recognized the expansion of New Castle and Lawrence County by authorizing another judge, and it isn't going to be long until a new court house and a new city hall will be projected. Contracts will be awarded within a month for the erection of the new Central Fire Station on South Jefferson street.

Congress also recognized the growth of New Castle and has designated some $300,000.00 for an addition to the much cramped post office.

The expansion set out above, with the exception of a new court house and city hall are not visions of what might be, they are what has happened. Although other cities in the country report a decrease for 1926 in the building permits issued, New Castle shows a 150 per cent increase, certainly some sign of expansion.

New Castle is steadily forging ahead. Not in the manner of a "boom" town, but a steady, satisfactory growth. An expansion that has the earmarks of permanency and prosperity and the Expansion Movement of the Chamber of Commerce comes at a time when real expansion is going on throughout the entire city.

Sikeston. Two trains bearing Red Cross relief workers and supplies arrived late last night. The Lucy Lee hospital, untouched by the storm, was made the main concentration point for the injured.

Doctors reported they had plenty of cots and blankets and those of the injured who had been taken from the wreckage were being properly cared for.

Troops On Guard

National Guard troops quickly dispatched to the scene arriving a couple of hours after the storm struck. They were patrolling the "tornado area" today to prevent pillaging and permit only the rescue workers within the district.

In all between 25 and 35 blocks were totally or partially destroyed.

The twister came in behind a heavy hailstorm. The fury of the storm passed in a few short minutes, leaving debris piled high. Screams of the injured could be heard from beneath the wreckage.

PLANS ARE MOVING FOR CHARITY BALL TO AID FLOOD FUND

Preston, Rex Patch, S. D. Pearson, Fr. Bacziewski, Major Guy J. Wadlinger, J. Clyde Gilfillan, George L. Smith.

Tickets Going Fast

The six thousand tickets for the charity ball and mardi gras are beginning to melt away. Mayor Dunlap took 500 of the tickets and asked the police department to help in disposing of them. The coppers jumped into the fray with their usual zeal and today they want 300 more.

Ivor V. Davis has been named as sales manager of tickets and is busy today distributing them to various individuals and organizations over the county.

For the night of the mardi gras Mrs. C. J. Kirk, who has charge of the booth section, has corraled enough home-made cakes to feed a small army, and Miss Jessie Wilson reports that the A. B. D. Girls are preparing to make a mountain of home-made candy, all of it for sale at the mardi gras.

The service division of the Scottish Rite Cathedral, always on the job to help someone, has volunteered to take over the lunch concession that night, and under the chairmanship of John Elliott is arranging for a real feed.

One of the rooms adjoining the ball room of the Cathedral will be utilized for the carnival amusements, and B. N. Hanlon, chairman of the carnival section has the following committee of go-getters, or rather "dough-getters", lined up: L. B. McAneny, James Brice, Thomas Cunningham, Bernard Hook, William Fleming, Joseph Alexander, John S. McKibben, Frank Natale, Joseph M. Graham, Phil G. Greer, Ted Marlin, William Burton, Earl Toler, and to this list will be added more. Chairman Hanlon promises everybody present a pleasant evening spent in his bailiwick.

Howard B. Richards, organizer and grand peer of the Order of Yellow Dogs, has promised a new lodge for the evening, "The Order of the Flood". Charter members will be taken in that evening and candidates are asked not to crowd the doorway.

A flower booth will be installed, in charge of Mrs. S. D. Pearson and Mrs. Marcus Feuchtwanger, at which flowers will be sold. Steve Griffith and his band will be present to provide music for the dance and this will last from nine until two, and if anybody insists the hours will be lengthened.

The reaction to the charity ball and mardi gras is splendid. It means that Lawrence county folks will get an opportunity of contributing to a worthy cause, but at the same time get an evening's entertainment.

FEAR 200 DEAD IN MIDDDLE WEST TERRIFIC STORMS

reported as far west as Colorado and Wyoming.

Poplar Bluff, Mo., and several small towns in Arkansas and Texas reported the heaviest loss of life. Between 60 and 70 were reported dead at Poplar Bluff, with several hundred injured. Four business blocks and much of the residential district were laid in ruins by the death-dealing twisters.

The little towns of Egypt and Strong, in Arkansas, reported eight and 20 dead respectively. Walnut Ridge, Ark., reported 16 killed and 125 injured, with 15 of the latter expected to die.

Texas Hard Hit

In Texas the towns of Garland, Nevada, Tigerton and Celeste, all in the northern part of the state, were visited by the freak twisters. In the four towns 35 persons were reported killed and more than 100 injured.

Two Red Cross relief trains were dispatched to Poplar Bluff, Mo., from St. Louis as soon as news of the disaster reached that place. Red Cross Director P. H. Burns was in charge. The trains carried doctors, nurses, tents, blankets and food supplies.

Aid to the stricken sections of Arkansas, still suffering from the devastating floods that recently ravaged the state, was being rushed from Little Rock, according to word reaching here today.

unconscious, her jaws tightly set. It was with difficulty that her hands were unclenched. Consciousness returned after an hour and her condition then became highly nervous.

Fear was expressed that Mrs. Snyder may develop into what is termed a mal-epileptic, as she has suffered other epileptic attacks. In that event she would escape the electric chair and be sent to an institution for the treatment of mental diseases.

If her condition becomes worse she will be taken from her cell to St. John's Hospital.

Gray Is Resigned

Gray, meanwhile, sat quietly in his cell reading his prayer book and resigned to his fate. He was awaiting certain doom, having, as he said "made his peace with God."

Justice Townsend Scudder by law must sentence both Mrs. Snyder and Gray next Monday to die in the electric chair within six weeks from the time of conviction. As soon as this formality is gone through the slayers will be taken in a clattering conveyance to the death house in Sing Sing.

Each of them, however, is entitled to an appeal. This appeal automatically stays carrying out the death sentence until the seven justices of the court of appeals pass upon the case

Farmers Refuse To Heed Warning

Relief Agencies In Louisiana Confront New Condition In Rescue Work

FARMERS STAY WITH POSSESSIONS

By LAWRENCE SULLIVAN
International News Service Staff Correspondent

NEW ORLEANS, La., May 10.—With the flood waters of northeastern Louisiana already washing over the Bayou Des Glaises levees, relief agencies of the state were confronted today with the refusal of thousands of farmers in the threatened parishes south of the levee line to heed the evacuation warnings issued a week ago when engineers declared a break in the bayou dikes to be inevitable.

Women and children have left the 400 square miles in Avoyelles, Pointe Coupe and St. Landry parishes immediately beyond the wave-washed dikes, but throughout the entire region men remain behind with their cattle and crops, apparently assured by more than 200 years of flood history in west central Louisiana that their lands are immune from the devastating waters.

For more than 24 hours wave-wash has been spilling over the river walls at several points along a 35-mile stretch, from four to six feet of water is rolling down from the inundated northeast quarter of Louisiana, but still these grim old planters stubbornly turn their backs upon the north, upon the publicly displayed evacuation warnings of the state relief director, and upon widespread rainfall throughout the lower valley which today added millions of cubic feet of water to the oncoming flood crest.

Tennis Matches Played Off Monday

Three Matches Are Played Off In Y. W. Tennis Tournament

Monday evening, three tennis matches were played in the Y. W. Indoor Tennis tournament, in the Y. W. gymnasium.

The first match was between the Misses Leona Sankey and Agnes McClelland. A fair match, but one sided in favor of Miss McClelland who is quite good on her returns. Scores were, first set 6 to 0, second set 6 to 0 in favor of Miss McClelland.

The second match was Miss Violet King vs. Miss Mary Tewell. This was another match that tended toward a one sided score. However these players were made equally matched, than in the first match. Score was, first set 6 to 1; second set 6 to 2, both sets went to Miss Tewell.

The third match was between Miss Lila Allen and Mrs. Eileen Stone. This match proved exciting due to the unusual pickup of Miss Allen during the second set. It was quite spectacular when Miss Allen walked off with the seventh and eighth games of the second set. However Mrs. Stone stepped up a bit then and took the next game which gave her the set, also the match. Scores, first set 6 to 0; second set 6 to 3.

U. S. Vessels To Aid

WASHINGTON, May 10.—American naval vessels throughout the Atlantic area were instructed today to keep a sharp lookout for Captain Charles Nungesser's trans-Atlantic plane, but up to 7:30 o'clock this morning no trace of it had been reported.

May Be Near Labrador

WASHINGTON, May 10.—A belief that Lieutenant Charles Nungesser, the French trans-Atlantic flyer, may have been forced down on the bleak coast of Labrador, far from human habitation, was expressed today by Lieutenant L. C. Ramsey, expert hydrographer of the U. S. navy, who has plotted a number of trans-Atlantic flights, including that which Captain Rene Foncke was to have taken last summer.

"From dispatches telling of Nungesser's course off the Irish coast, and from what we knew of his plans, it is entirely possible that he is somewhere in the vicinity of the Labrador coast", Lieutenant Ramsey told International News Service this morning.

Aid Is Asked

WASHINGTON, May 10.—American vessels in the north Atlantic will be instructed immediately to search for Captains Charles Nungesser and Francois Coli, French trans-Atlantic flyers, who have been missing since hopping off from Paris on a non-stop flight to New York.

This assurance was given the French government today by the State Department.

Through its embassy here the French government appealed to the State Department for the assistance of American ships in finding the missing aviators. The State Department at once communicated with the navy, which replied that the search orders would go out promptly.

Eight Hour Shifts Not Yet Agreed Upon

Councilmen Here Have Not Received Copies Of Police Law

Mayor William Dunlap, superintendent of city police, today stated that as yet no arrangements have been made to put policemen on eight hour shifts and there is no indication that local policemen will demand the eight hour shift until city councilmen have received copies of the bill and have made arrangements for the change.

It is reported that Sharon police intend to force the hands of council so that the change will become effective June 1.

Mrs. Burton Advises Women on Motherhood and Companionship

"For several years I was denied the blessing of motherhood," writes Mrs. Margaret Burton of Kansas City. "I was terribly nervous and subject to periods of terrible suffering and melancholia. Now I am the proud mother of a beautiful little daughter and a true companion and inspiration to my husband. I believe hundreds of other women would like to know the secret of my happiness, and I will gladly reveal it to any married woman who will write me." Mrs. Burton offers her advice entirely without charge. She has nothing to sell. Letters should be addressed to Mrs. Margaret Burton, 8345 Massachusetts, Kansas City, Mo. Correspondence will be strictly confidential.

DINNER STORIES.

Very Well Known!

"Why can't I get my pictures into your paper?" queried the irate elderly gentleman in the newspaper office.

"Your name is not well known!" retorted the editor.

"It is! It's Smith!" shouted the elderly person as he departed for the circulation repartment to cancel his subscription.

A Gasoline Hike.

"So you hiked from 'Frisco to New York in eight days!"

"Yes. I should have made it in seven but I had to walk ten miles."

Little Jimmy had just returned from his first birthday party. "Jimmy" his mother asked, "did you have a good time and did you dance with the girls?"

"No Mother, I didn't dance once and there were lots of empty girls, too."

Mistakes Cause Embarrassment and Prove Inefficiency

Ours is a real task: The arrangement of all details in connection with a funeral, in which mistakes do not occur, can only be accomplished through accurate system.

Our systematized methods in funeral arrangements are such that we have constantly before us a complete record of the most minute details. This is an assurance that with us error will not occur.

AN EFFICIENT SERVICE AT A REASONABLE COST, IS DESIRED BY ALL. WE MEET THE DEMAND.

MRS. EVANS ORGANIST IN LOCAL CHURCH

Mrs. John Evans of Winslow avenue has been appointed organist of the First Congregational church succeeding Miss Edna Setter who left recently with her parents to reside in Cleveland.

Mrs. Evans is one of the best known musicians of the city. She was formerly organist of the First Christian church, Central Presbyterian and for a short period played in the First M. E. church. She comes from a talented family, her father being a well known leader in music and was formerly choir director of the Emmanuel Baptist church. While chorister of this church he was in charge of several successful Cantatas.

Mrs. Evans, brother, David Hopkins is a harpist of note and is the baritone singer in the quartet in the First United Presbyterian church of this city.

BIRTHDAY SURPRISE IN McCONNELL HOME

Mr. and Mrs. H. B. McConnell, entertained twenty-five guests at a surprise party in their home Monday evening in honor of the seventeenth birthday anniversary of their son Clarence. Cards and dancing were the chief pastimes.

Later delicious refreshments were served by the hostess, assisted by Mrs. Ruth Brest, Mrs. Albert Perkins, and Miss Hulda Perkins. Pink and white color tones were used in decoration and a large birthday cake centered the table. Cut flowers were used thruout the home.

Many lovely gifts were presented the guest of honor.

MISS GRACE KRAMER WEDS RUSSELL SNYDER

This morning at 8:30 o'clock in the First Methodist church a pretty wedding was solemnized when Miss Grace Boyd Kramer, daughter of Mrs. William E. Kramer, N. Ray street, became the bride of Russell D. Snyder, of Chicago, Ill., son of Mr. and Mrs. J. W. Snyder of Auburn, Ill. Dr. H. C. Weaver officiated with the ring ceremony, witnessed by the immediate family and a few friends.

They were unattended and the bride was attractive in a gown of blue georgette, with blue and gray accessories.

The bride is a graduate of the local high school class of 1924, and has been employed with the Lawrence Savings and Trust Company.

Mr. and Mrs. Snyder left immediately following the ceremony for a wedding trip, and after June 1, will be "at home" at 6116 Kimbark avenue, Chicago, Ill.

MUSICAL PROGRAM AT CLUB MEETING

An interesting meeting for members of the Women's Club took place in the Highland U. P. church Monday afternoon. Mrs. C. J. Kirk explained the plans for the charity ball and Mardi Gras for the benefit of the flood sufferers May 17. The members were given the opportunity to donate to the cake and candy stalls which will be in charge of Mrs. B. F. Butler and Mrs. Charles Johnson. The club voted to give $50 to the Red Cross for this cause.

A plea was made for the newly organized Girl Scout council and $25 was voted to them.

Eleven new members were elected and three women who have given long and valued service were elected honorary members, Mrs. David Ritchie, Mrs. S. E. McCleary and Miss Rebekah Browne.

A most delightful musical program followed. A quartet of High school boys sang two numbers, Michael Caruso of the high school played a violin solo, Mrs. J. L. Evans and Mrs. A. H. Mellor sang beautiful solo numbers and lovely piano solos by Mrs. Idalaura Norton of Pittsburgh. The entire program was well received.

After hearing a fine address on "Philisophy Justifying Art Society Work in New Castle" by La Verne Irvine, the club voted to become a guarantor in the Art society for the coming year.

The next meeting in two weeks will be at the home of Mrs. Howard Kirk of Moody avenue.

MISS JULIET PRICE TO WED HOMER WEITZ

Mr. and Mrs. J. M. Price, North Shenango street, announce the engagement of their daughter, Juliet Lenore, to Homer O. Weitz, son of Frank Weitz, East Washington street.

The engagement will terminate in a June wedding.

Plan For Reception

Plans were made for a reception for Miss Margaret Owery of Bell avenue, who returned today from Beulah Beach Bible Training school where she is training for a missionary, at the meeting of the Loyal Leaders' class of the People's Mission at the home of the teacher, Mrs. Gladys Jenkins of South Mill street.

The reception will take place next Saturday evening at the home of Mrs. Jenkins.

At the meeting of the class a social time was enjoyed at the close of the business meeting. The capsule ladies exchanged gifts. Miss Charlotte Gorst won the prize for obtaining the most rosettes during the evening.

Refreshments were served by the hostess later in the evening.

Enjoy Kid Party.

A most enjoyable time was enjoyed at the "Kid Party" held by the Dorcas class of the Epworth Methodist Episcopal church at the home of Mrs. M. V. Hyde of Wilmington avenue, last night.

Some 30 members of the class were present all dressed like "kids." A most enjoyable time is reported, for dressed as kids they played as kids too and a real happy time resulted.

After the business meeting all entered into the games and fun and a fine luncheon was served by the hostess Mrs. M. V. Hyde who was assisted by Mrs. Carl Moser, Miss Mary Minnehan and Mrs. R. J. Nicholson. The devotions of the evening were led by Mrs. D. T. McConahy.

"Roxy" heard by millions, a favorite in Radio-land, always careful of his voice

writes:

"During a strenuous rehearsal, with the work entailed in operating the World's Largest Theatre, where one's nervous system is working under great pressure, there is nothing quite like a 'Lucky Strike' cigarette. It does not impair the voice, and gives the mental relaxation so essential to carry on."

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, *and* there is an extra process—"It's toasted"—no harshness, not a bit of bite.

ANOTHER BIG PLANT EXPANDS

ANNOUNCEMENT made today by the officials of the Shenango Pottery Company of this city of the plans for immediate work to start upon the erection of immense additions to the plant that will, within a year, double capacity of the plant and add some 750 employes, is one that will meet with a gratifying reception in this city.

The Shenango Pottery, since start of its operation by the present management some fifteen years ago, has developed and expanded steadily, and the steps that are now to be carried out in this immense enlargement will make it the largest in the world, manufacturing hotel and restaurant chinaware.

Not only does the announcement mark the success that has accompanied operation of the local plant by the management and employes, but it is a significant announcement to the city. Expansion and enlargement of local industries means further progress for the city.

The enlargement of this concern comes on top of steps of this nature recently taken or now in the process of completion by numerous other stable industries here, and gives added assurance of New Castle's continued development.

Work is now nearing completion on immense additions to the plant of the National Radiator Company on the East Side, an enlargement of the Universal Sanitary Manufacturing plant has just been completed that doubles its capacity, the Johnson Bronze Company recently enlarged its plant, and other projects are on the horizon for New Castle.

With the completion of the magnificent Scottish Rite Cathedral, the near completion of "The Castleton," new 150 room hotel, erection of a number of churches and office buildings, the Jameson 150 bed Memorial hospital, along with two high school buildings, the expansion of the industries of New Castle, there are on every hand evidences that New Castle is stepping along.

Doubling the capacity of the Shenango Pottery is a move that is a fitting addition to the steady progress noted here, and goes to add another foundation stone to the steady building of a great city here at the junction of the Neshannock and Shenango.

SNYDER-GRAY MURDER VERDICT

BOTH Mrs. Ruth Brown Snyder and Henry Judd Gray are condemned to death in the electric chair, as a result of the trial conducted in the Long Island court during the past two weeks for the murder of the woman's husband, Albert Snyder.

The jury returned the verdict in about an hour after the case was given to them, last night.

No one who has followed the evidence given in the case is the least bit surprised by the verdict. While it is a most unpleasant thing to bring in this verdict against a woman, and many women have escaped in the past on similar charges because of their sex, there was nothing to indicate that both in this case were not equally guilty in a deliberately planned and executed murder, and there is no reason for sex allowing one to escape the penalty given the other.

Sentiment in America has been changing in the past few years, and the time is again arriving when murder is murder, and those guilty will be required to pay the penalty. For a few years following the war there were verdicts returned in a large number of murder cases that appeared to be miscarriages of justice, and there appeared to be an unexpainable tendency on the part of juries to leniency in dealing with those guilty of crime.

The verdict in this Snyder-Gray case, no matter how disagreeable and unpleasant it may be in our minds, is a notice to the nation that justice in murder cases has returned to nearer a normal condition.

IF WE WORK AS HARD—

On the job as we do to get it there will not be much dissatisfaction.
To find work as we do to find excuses the task will soon be done.
To find the good in people as we do to find the bad we will all be happier.
To enforce the law as to evade it this country will be saved.
To support officers as to elect candidates the trouble will be over.
To protect posterity as to insure prosperity the future is safe.
To please God as to please the public the results will take care of themselves.

Hints and Dints

Sun sets tonight 7:05. Sun rises tomorrow 4:47.

This week will decide whether New Castle is to go on and be bigger and better or stand still or perhaps go back. Men who know the needs of this city are at the head of this expansion work and it's up to you to help. Don't be a cootie!

Every time we get the neck of a chicken we think how much better off we are than the chicken.

Tickets for the great Charity Ball to be given for the benefit of the Mississippi Flood Sufferers can be had at The News office. They are One Dollar each. You can get as many as you want here.

Many people do not pay their church dues promptly, we are told. It seems to us that the small amounts so many do give when they pay should be paid fairly promptly. We believe in paying church dues when it's the right time, just like we believe in paying any other kind of a financial obligation.

There are men who will claim they have no interests in New Castle, simply because they have no money invested except in the homes they live in. What would those homes be worth or what kind of a place would New Castle be to live in if only those people lived here? And maybe some day they will be here alone. A man who lives here and owns a home here has a lot of interest here, even if he does not know it himself.

Your grandchildren are going to laugh at your picture on the mantel some day, the same as you laugh now at grandpa's picture in the family album.

When you are sitting high and dry and eating good grub let your mind travel down along the Mississippi river, where little kiddies and grown-ups are wet and hungry. A few dollars from all of us will make those people keep thinking there is a God who is persuading humanity to extend a helping hand to the afflicted. Give any sum you can spare, no matter how small. You are lucky if you are not in want.

The good people of Franklin are going to unveil a monument to our dear old friend, James B. Borland, on the afternoon of Saturday, May 21. It will be in the form of a bird bath and "Jim" will be right there in the flesh to see the whole show. We are invited and will be there sure, if nothing happens. The people of Franklin have the right idea. They are not going to wait until their great citizen is dead and then gather around with long faces and unveil a monument to him. They are going to meet with him in the flesh and their joyous laughter will mingle in the bright spring sunshine and great joy will be there in every heart, including "Jim's". Why wait until people die to show them you love them? And then they don't know it.

There are vehicles which require one to pay as they enter. The same vehicles could also be called pray-as-you-enter without stretching the imagination much.

There is only one result for those who try to cheat the laws of God and man. It means disaster and sometimes death.

The ban has been lifted on the shipment of milk from Canada into the United States at Windsor, Can. There are all kinds of bans and laws against the shipment of booze into this country from Canada, but the booze is still flowing in strong.

A garden is a great asset during the summer. Fine vegetables are the result of a little work. The exercise is also great. Make a garden. It is a good investment from all viewpoints, including the pocketbook.

BEFORE THE DAWN

When all things seem dark and gloomy
"Hopes deceive and fears annoy",
And of life you feel quite weary,
Nothing left of hope or joy,
Take new courage, friend, for surely
'Twill be better farther on—
For the night is always darkest
Just an hour before the dawn.

When your friends forsake and grieve you
And their tongues with gossip prate,
Do not let misfortune ever
Breed discouragement and hate.
Honest effort will accomplish
What you purpose, so push on,
And remember it is darkest
Just an hour before the dawn.

There was a man who had been true to his wife for 10 years, since the date of their marriage, and she had been true to him, too. One evening he kissed another woman and naturally he felt badly. He was bemoaning the fact to a close personal friend, regretting his act, when he said: "But, Bill, there is a lot of difference between passive acquiescence and active co-operation, isn't there?"

A happily married man says he owes his good luck to an unknown editor. In his courtship days he was certain his wife knew he was in love with her, but every time he tried to propose his tongue stuck fast. One evening as they sat idly turning the pages of a magazine they came upon a picture of a young man proposing to his lady. "Well, thank goodness", she said, "there's some men who have enough nerve to propose!" So it was that the editor of this magazine saved the man from being a bachelor.

You can get along without effort — if you are satisfied merely with getting along in years.

Protection is becoming more and more of a campaign issue than ever before. But it applies less to the tariff and more and more to our citizens abroad. With so many interested in foreign countries as visitors, divorcors and investors we'll soon need that army and navy as big as the next one.

Governor Donahey is not seeking the golf vote in future elections. He recently vetoed a bill that would permit municipalities to condemn properties for public golf links.

Mr. Trotsky boasts that he has more money in the mines of Russia than there is in all the United States. But money in the mines won't pay debts and the United States is increasing her supply and her credit by using it over and over.

You can't tell. The businesses that fail usually have the largest safes.

A Texas rancher sent a letter to Mrs. Snyder asking privilege to marry her when she was turned loose. This would be a joke if Mrs. Snyder had a chance of getting free, but it doesn't look that way. But there seems to be slim chance of that. If the case drags on it might be considered a presidential campaign issue, with the Republicans taking the side that Mrs. Snyder did help to kill her husband and the Democrats that she didn't. That would give the wind-jammers something to bark about.

It certainly must be galling to a person of ultra exclusive taste to realize that in birth and death he has something in common with the rest of mankind.

By the time a woman gets comfortably seated in a trolley car, with her coat adjusted to her satisfaction and everything, it's time for her to get off.

Flood, Earthquake, Wind.
China Will Eat Rice.
Some to Dig, Some to Enjoy.
No Eugenics for Harvard.

By ARTHUR BRISBANE
(Copyright, 1927, By N. Y. American, Inc.

Earthquakes, fortunately not violent, but sufficient with high winds to shake down a number of houses, now complicate the flood situation. Menace of disease among human beings and cattle makes things worse and the crest of the great flood, a dozen Niagaras rolled into one, is in the last part of its devastating journey.

It is, unfortunately, not certain that the worst of the trouble is past. But it is certain that any money necessary should be spent to make another such calamity impossible. That requires safe outlets or storage and is not beyond human power.

* * *

Eugene Chen, prime minister of one end of China's revolution, defies Europeans to blockade the Yangtze river. He says China in return will boycott European goods, go back to the ancient rice diet, and keep it up, if necessary, for generations.

The threat to stop Europe's profits in China will have its effects, but the rice diet and stoppage of European contracts would have their effects also, not so good for China.

* * *

You cannot think well, or fight well, on rice. Japan realized that when she changed her soldiers from a rice to a meat diet in the war with Russia, and found them better soldiers. The meat-eating alcohol drinkers have always been the thinkers and conquerors — Greek, Roman, French German, and British. We are trying a water experiment here, but with boot-leg whiskey to modify the results.

* * *

Harvard declines a $60,000 legacy left to found a course in eugenics. Dr. Mears, who left the money, was especially interested in treatment of defective and criminal classes by surgical procedure.

Eugenics at present is more guess-work than science. Ninety per cent of the alumni will approve of the action of the Harvard trustees. Eugenics in days to come may be the greatest, most important of all sciences. It will not depend upon surgery, although trephining may help.

And sterilization by radium, not surgery, may gradually make the electric chair unnecessary and solve the race problem with the consent of inferior races.

* * *

It has always been taken for granted that the human race must be forever divided into classes, some to dig ditches, carry away garbage, others to ride comfortably on the backs of the ditch diggers, taking all they earn, above a necessary minimum.

Aristotle thought there could be no civilization without slaves, because slaves alone could provide leisure for thinkers. Then steam, electricity and machinery made body slaves unnecessary.

The other day you read of a tractor and plough with no man to guide either, ploughing twenty acres at Nebraska's agricultural college, with professors and farmers looking on.

That will make the hoe obsolete.

* * *

Today a gigantic dredge, earth's biggest, is digging foundations for the bridge across the Hudson river, taking up thirty-two cubic yards at every bale—enough to load thirty-two wagons.

That sort of machine will settle the ditch-digger problems. Science public schools and human decency will do away with slave labor, and give men at least a chance to be equal. It will take some centuries, however, to lift up the frontal angle to a respectable average.

* * *

Berlin sends word that the chemical industries of Britain and Germany will be united against this country. France worries about the combination because it would mean greater war efficiency for Germany. Also, if Germany and England had the same business interests, that might lead to a pocketbook alliance, stronger than any other.

Luckily, we need not worry about even the biggest international trusts. We know how to make what we need—all except fighting airplanes, and we shall learn that some day, when Europe or Asia gives us the lesson we need.

* * *

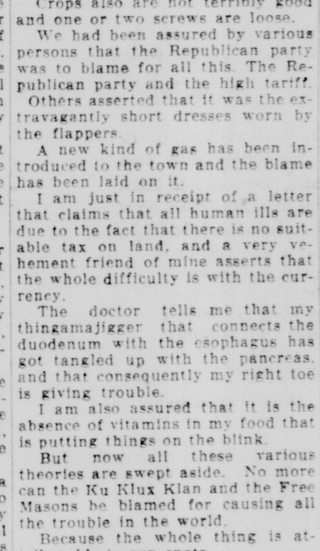

As long as we treat the widow and orphan properly, walk humbly with our consciences and keep our tariff walls at the right height, we need not worry.

Europe would like to hand us the consequences of stupid, unnecessary war, but she cannot do it. She must pay the bill herself, old Uncle Shylock, kindly but firmly, says "no."

In Day's News

Today is the sixtieth birthday anniversary of Curtis D. Wilbur, who is now in his fourth year as Secretary of the Navy in the Coolidge administration. Mr. Wilbur came to the cabinet from the California supreme bench. A native of Iowa, he attended the United States Naval Academy and after his graduation went to California, where he taught school for one year and then began the study of law. In 1890 he was admitted to practice and soon rose to a high place in his profession. In the course of time he became a judge of the Superior Court in Los Angeles and later was elevated to the Supreme Court of the State. At the time of his appointment as head of the Navy Department he was serving as chief justice. Secretary Wilbur organized the Juvenile Court in Los Angeles and for many years has been a leader in child welfare and Sunday school work.

Dr. Crane's Editorial

SUN SPOTS

Some scientist has at last discovered what is making all the trouble.

We had wondered why we couldn't make both ends meet or even one of them. We have always been troubled with housemaid's knee and dandruff, to say nothing of lesser ills.

Our friend hasn't paid us back what he owes us and the income tax collector gives evidence of a new attack of insanity.

Crops also are not terribly good and one or two screws are loose.

We had been assured by various persons that the Republican party was to blame for all this. The Republican party and the high tariff.

Others asserted that it was the extravagantly short dresses worn by the flappers.

A new kind of gas has been introduced to the town and the blame has been laid on it.

I am just in receipt of a letter that claims that all human ills are due to the fact that there is no suitable tax on land, and a very vehement friend of mine asserts that the whole difficulty is with the currency.

The doctor tells me that my thingamajigger that connects the duodenum with the esophagus has got tangled up with the pancreas, and that consequently my right toe is giving trouble.

I am also assured that it is the absence of vitamins in my food that is putting things on the blink.

But now all these various theories are swept aside. No more can the Ku Klux Klan and the Free Masons be blamed for causing all the trouble in the world.

Because the whole thing is attributable to sun spots.

When we have one kind of spots something happens and when we have another kind of spots something else can happen.

That's all there is to it.

All we need to do is to regulate the spots in the sun, which is a very simple matter for a professional regulator, and all our troubles are over.

The World AND THE Mud Puddles

SOME OF HIS TROUBLES

The automobilist has a great many troubles of his own. Some of these troubles are caused by his own carelessness, and negligence. Some of them are caused by the carelessness and negligence of other users of the highway. His principal troubles, however, are caused by the wise or otherwise administration of local and state laws by the police and constables of the state. There are mighty few drivers of motor cars who are physically and mentally able to obey all of the rules and regulations laid down by the police. There is a tendency now to treat the motor vehicle and its drivers more rationally. The average motor cop has heretofore seemed only interested in arresting the motorist who was driving his car beyond the particular speed limit of the motor cop's juriadiction. The law makers are now easing up on the speed limits. In other words, they are increasing the speed limits, or doing away with them entirely and coming back to first principles —empowering the police to arrest the motorists for Reckless Driving, rather than for Speeding— The application of the old English Common Law definition of disorderly conduct would enable the police of any community to regulate the motor cars driven within that community, without any particular statute Law on the subject.

The foregoing are not the only troubles assailing the luckless driver. There are some police who seem to be bereft of all sense. Some seem never to have even studied geography in even a primary grade. Woburn, Massachusetts, has a police officer whose woeful ignorance geographically speaking, is appalling. The story goes that a woman driving an automobile on Montvale Avenue, in Woburn, was stopped by a patrolman. She displayed her license when requested, but this was unsatisfactory. The uniformed gentleman took her to the police station, and to the sergeant at the desk the officer said, "This woman says she comes from Philadelphia, but her license was issued in Pennsylvania!"

THE AGE OF TERROR

All things in life a man must know,
And some are swift and some are slow.
Along the journey of the years
For each who fares are smiles and tears,
And pleasantries and trials stern;
All things will follow in their turn.
So soon or late to each must fall
What I believe is worst of all—
And that's to pace the floor above
While surgeons work on one you love.

Now gowns of white and nurses' caps
Are prety things to see, perhaps.
Upon the stage, but not so fair
When bitter business brings them there.
'Tis good to watch your baby sleep,
But not in ether's slumber deep.
Then fifteen minutes, often swift,
Seem hours, so slowly do they drift
For him who waits to hear them tell
The word that everything is well.

Now it is over with, and she
Is smiling once again at me.
The surgeon grins and hums a song,
And says, "Well, that was not so long!"
Not long! I faced a thousand fears
And lived a stretch of lonely years;
I suffered all that can be wrought
By terrified and anguished thought.
Not long! I lived an age of doubt
The day they took her tonsils out.

SOME MAJOR PROBLEMS.

Should a woman, in any imaginable circumstances be electrocuted or hanged? A woman who signs Isabelle H., Marion, Ill. wants me to answer this question quite fully.

Truly, I wish Isabelle hadn't asked me that. For it it just one of many questions that I cannot answer.

Once I saw three men electrocuted at Sing Sing. Each of them was guilty of murder. One had killed his sweetheart in a jealous quarrel. One had killed a fellow-worker in a fight over a small gambling debt. Both of these were foreigners and illiterate men. The third an American farmhand with an elementary education and a fairly good mind had killed several persons while attempting to abduct his employer's daughter.

The electrocution of these three men was a sordid and dreadful business. Some 20 of us were there as witnesses and I for one felt ashamed of myself to be sitting there in a little theatre-like room, witnessing the passing of three men of whose souls and motives and passions I neither knew nor could guess anything. The American youth in his twenties seemed to feel self-conscious in the presence of our insolent curiosity, as the electrodes were being applied by deft hands, while a minister read in a shaky voice verses from the Bible.

I could not continue to stare at the victim whom circumstances had placed in one seat while I was placed in another. I pulled out a magazine and read a pleasant story during the rest of the sad proceedings, much to the astonishment of the warden.

* * *

Certainly it is just as wrong for a woman to kill as for a man. When her guilt is clearly established and premeditation admitted I can see no logical reason why she should be spared the fate the law provides.

And yet—logic falls. With all the logic in the world to support my reason, there remains within me an insuperable horror against the calm, legal, dispassionate, calculated killing of an unresisting woman by a group of five or six men. It matters not who the woman is. Old, young, beautiful or ugly—this business of shooting an electric current into the body of a healthy woman strapped into a chair is distasteful to me.

Perhaps it ought to be done in some cases, Isabelle. I don't know. But I feel sure that I shan't approve it, inspite of logic and reason.

Cathedral To Improve Site

Plan To Improve Grounds And Favor Rounding Of Sharp Corner

Representatives of the Cathedral today appeared before city council, in formal session and related plans, which if adopted, will result in a big improvement at the corner of Highland and Lincoln avenues.

The sharp corner is dangerous and recently accidents have occurred and the representatives believe that were the slope taken from Lincoln avenue and the corner widened, increasing the width of Lincoln avenue, it would be a big improvement.

The Cathedral Association is willing to release any damages that might be sustained.

It was also stated that a landscape gardener has been retained to beautify the Cathedral grounds.

Council will take definite action on the proposition soon.

Father, Son Admit Looting Of Farm

Part Of Savings Are Returned To Aged Farmer Of Bedford County

GREENSBURG, Pa., May 10.—Harry Fetters, 71, a farmer of Chaneyville, Bedford county, rejoices in the recovery of $900 from $1,200 representing the last of his life savings stolen from him on Friday.

Thomas Rebinger, 65, a neighbor of Fetters, and his son Glenn 32, have made a complete confession of the theft, police say, and were held for court at a hearing before Justice of the Peace H. A. Clark. The robbery occurred while Fetters was plowing and his wife was working in their garden.

On his small farm throughout his life time, Fetters had managed to amass $4,800 in savings. Three years ago he lost $3,600 in a stock deal. Distrustful of banks, his last $1,200 he had hidden in a bureau drawer in the house. State police recovered $175 from a lonely place on the Rebinger farm where the bank notes had been buried. Another $400 they recovered from a threshing machine. The remaining $325 of the money, unspent by the accused thieves was found in their pockets.

Of the $300 spent, $150 had been used to pay on a tractor and the remainder to clear up small bills, the Rebingers are alleged to have told officers.

Nature Study Class Enjoy Afternoon Hike

The six-A nature study class of the Martin Gantz school took a hike along the Neshannock River on Monday afternoon which was very interesting and instructive.

The banks of the Neshannock disclosed many treasurers of wild flowers. The class had not gone very far when a field of violets was discovered. Jack-in-the-pulpits, wild geraniums, blue bells and bluetts were also observed.

Many different kinds of birds were seen such as goldfinch, phoebe, purple grackle, wren, scarlet tanager, yellow warbler, blue-bird, song sparrow, crow, downy woodpecker, flicker, and kingfisher.

At a very delightful spot the class halted to observe the animals of the water. The first thing that was observed was the tracks in the mud. Many snails were collected. A number of the members of the class waded into the stream, upturned stones and discovered craw-fish which they added to their treasures. Other members walked along the bank and found a lonely toad which they adopted and are now studying in class.

As is was growing late and the class had been quite successful in obtaining several trophies, they sat down upon the bank of the stream and ate their picnic lunch. And wending their way homeward a tired but happy group of girls and boys decided that it was the end of a perfect day.

Ready—

YOUR first trip of the season—your first tankful of the 1927 Atlantic Gasoline . . . they'll tell you that there's something *decidedly* new in motor fuel.

The recent Atlantic discoveries have been little less than sensational. Last year, through a combination of different types of crudes, Atlantic engineers developed a gasoline as far superior to ordinary gasoline as present-day motors surpass those of pre-war vintage.

This year's Atlantic Gasoline represents a still greater step forward

Still more notable discoveries have been made. It was found that in blending the various components obtained from California and Texas oil wells and West Virginia *gas* wells, certain chemical changes were possible. The additional qualities they produce put Atlantic Gasoline farther ahead than ever in the field of motor fuels.

Let your own motor tell you

Fill up with Atlantic. See how eagerly the spark takes hold when starting. How alive and agile this gasoline is when you call for a quick spurt. How confidently you can pick your way through traffic. How rhythmically smooth your motor is under every speed, pull or temperature. How clean-burning this gasoline is. And the new definition it gives to the word POWER!

Ready now . . . the new 1927 Atlantic Gasoline is available at all Atlantic pumps and service stations.

"Better for children" *is what authorities say of the natural whole grains*

Only a few cereals come to you with all their original nourishment — often some of the valuable parts are milled away.

But the careful millers of Quick Mother's Oats realize the value of the *natural whole grain*. They remove none of the indispensable parts—and for the growth years, especially, this is of great importance.

The tender bran covering of the oat, vitamins, minerals, and a liberal contribution of tissue-building protein — these make a bowl of Quick Mother's Oats with milk one of the most nourishing and healthful breakfasts.

Give it to your growing children often. They will love its rich whole-grain flavor.

Two kinds—the kind you have always known or Quick (cooks in 2½ to 5 minutes). Both with coupons interchangeable with the Aunt Jemima coupons for which you receive so many lovely premiums: silverware, electrical conveniences, etc.

Van Sweringen Brothers Renew Efforts To Gain Approval To Big Merger

Interstate Commerce Commission Hears Plea For Billion Dollar Merger

Would Serve Coal Fields And Steel Centers In This District

(International News Service)
WASHINGTON, May 10.—The Van Sweringen brothers, Cleveland financiers, today renewed their efforts before the interstate commerce commission to obtain federal approval of their proposed billion dollar railroad merger.

Hearings were begun on the application of the Chesapeake & Ohio, which is to be the nucleus of the proposed merger under the new plan, to acquire control of the Erie and Pere Marquette through stock ownership and to issue $59,502,400 of additional common stock of the Chesapeake & Ohio for the enhancement of the capital structure.

The other roads involved in the merger are the Nickel Plate owned by the Van Sweringens, and the Hocking Valley, which is controlled by the Chesapeake & Ohio.

Vigorous opposition to the proposed unification plan will be made by a group of minority stockholders of the Chesapeake & Ohio. Their forces will be led by Col. Henry W. Anderson and Thomas R. Gay, who were successful in defeating the original Van Sweringen merger.

Gigantic System.

Charles C. McChord, former chairman of the interstate commerce commission, this time heads the Van Sweringen legal battery.

The system that would be created through this merger would extend from the ports of Norfolk and Newport News, Va., and New York city to connections with the principal western and mid-western railways of Chicago, and from the coal fields of West Virginia and Kentucky to the Great Lakes, serving the important cities and gateways of Washington, Richmond, Lynchburg, Louisville, Cincinnati, Dayton, Columbus, Marion, Fostoria, Cleveland, Toledo, Akron, Youngstown and Lima, O., Muncie, Marion and Peru, Ind., Buffalo, Rochester, Jersey City, Newark and Scranton, Pa.

Furthermore, it will serve the extensive coal fields of West Virginia, Kentucky and Ohio, the Pennsylvania anthracite fields, industrial Michigan, the great Mahoning valley steel district, particularly the steel mills at Sharon, Pa., and Youngstown, O., and also the rubber industry at Akron.

The one existing gap in the grouping is rapidly being closed, it was pointed out, with the construction, now under way, of the 63-mile double tracked road between Gregg and Valley Crossing, O. This will link the Chesapeake & Ohio with the Hocking Valley and facilitate the movement from coal fields of southern West Virginia and eastern Kentucky to the Great Lakes focal points of coal, at Toledo, connecting there with the Erie and Pere Marquette.

Social Workers As Asset To Churches Told By Minister

(International News Service)
CLEVELAND, O., May 10.—Speaking at a pre-convention dinner here, Rev. Percy G. Kammerer of Pittsburgh was on record today as telling members of the Ohio Episcopal diocese there is no inherent cleavage between the church and social work.

"We need development of a practical means to strengthen this inter-relationship", Kammerer said. "We hope for the day when social workers will assist the church, not only from without, as constructive criticism, but from within as effective agents in the adjustment of the church to the needs of life.

"The limitations which seem to separate the church and the social workers are in fact fictitious."

The annual convention of the Episcopal church diocese of Ohio opened here today.

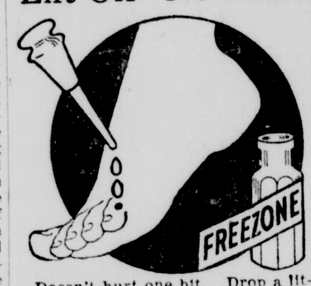

Flood Fund Total Near Ten Million

(International News Service)
WASHINGTON, May 10.—The Red Cross drive for flood relief crept toward the $10,000,000 goal today.

Contributions tabulated up to 10 a. m. totalled $9,751,830 and confidence was expressed that the ten million will be in before nightfall.

State Police On Job At Mine To Prevent Disorder

(International News Service)
CHARLEROI, Pa., May 10.—State police started patroling Van Voorhis, three miles from here, today following a disturbance which landed a mine watchman in the Monongahela hospital.

The watchman, James Adey, 38, was reported suffering from bruises and shock, after being attacked by a gang of unidentified men.

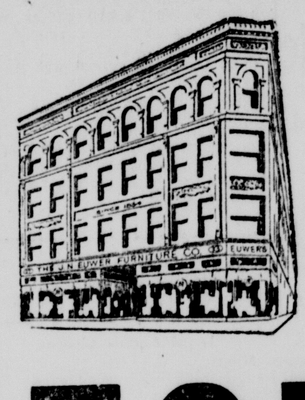

The attack was looked upon as the opening of a breach between the union coal miners and operators of the Valley Coal company. Officials of the Soudan mine of the company refused to comment on the incident.

On reports from other sources that trouble was growing, Corp., Earl Hans, of the Monongahela State Police detachment, assigned four troopers to patrol the mine daily.

The Valley Coal company has been recognized as maintaining closest relations with the union heretofore. However, reports indicate the Soudan Mine may resume on a non-union basis. Eviction notices were served on the union men a week ago.

Johnson Firm In Cobb Status, Ty Is Not To Play

Detroit Fans Plan Tribute To Former Manager Though Unable To Play

(International News Service)
DETROIT, May 10.—Turning a deaf ear to the demands of Detroit fans, Ban Johnson, president of the American league, telegraphed Congressman Robert Clancy today that Ty Cobb will not be permitted to play in todays game between Detroit and Philadelphia.

Clancy, in charge of ceremonies honoring Cobb, was advised that no interference will be made by league officials unless the ceremonies go past the regular time for starting the game.

Cobb must then leave the field.

Johnson's telegram, sent from Chicago, read:

"It is within the province of the club to permit any ceremony on the field prior to the advertised time for starting the game. Cobb is under suspension for cause and will not be permitted to play until term of punishment is fixed.

"This is a matter that entirely concerns the American league and can in no manner interfere with any plans you have in view."

Congressman Clancy had telegraphed Johnson inquiring Cobb's status.

Pennsy Railroad Given $500 Fine

PITTSBURGH, May 10.—Found guilty on April 25 of violating the interstate commerce long and short haul act which forbids discriminatory rates, the Pennsylvania railroad has been ordered by Federal Judge F. P. Schoonmaker to pay a $500 fine the court clerk announced today.

Fire brick hauled from Ohio points to Butler and vicinity at rates not prescribed by law provided the violation.

BOSTON, May 10.—Opium valued at $100,000 was seized and three Chinese were arrested early today when an attempt was made to unload the drug from the far east steamship Malayan Prince.

The Chinese, it was learned, tried to bribe federal officials to allow the landing of the opium.

Turn On The Searchlight!

Surprising results to us all—if we advertise and sell New Castle to the rest of the country.

Lets stop sleeping and kicking about the other fellow not co-operating.

Look Up—not down—forward—not back. The past is water over the dam.

JUST IMAGINE

several huge planes booming along—night bound—fog bound—some where there's a landing field—but where? Suddenly a broad white beam stabs through the darkness and comes to rest on the big planes. The pilots swing their control levers forward and sweep down to the haven below.

All around us, in all sections of the country there are manufacturers looking for a branch factory location—new industries springing up, big industries looking for a new distributing point. Advertising, publicity and salesmanship will make them want to locate in New Castle.

The men in charge of district and state conventions will listen to a live town which has convention facilities. Turn on the searchlight—New Castle is in competition with other live American cities. This competition between cities is just as keen as it is in corporate or private business.

Rapidly Cutting Down Untried Civil Cases In Lawrence Co. Court

After over a year's intensive work upon the civil list of the Lawrence County Court, there are today but eleven cases of this nature untried, and the probabilities are that after the next term of civil court, the number of untried cases on the docket will be reduced to not more than half a dozen.

When Judge R. Lawrence Hildebrand ascended the bench of the Lawrence County court in January 1926 there were 104 civil cases waiting to be tried. His first civil court in January and February of that year resulted in 18 being tried, 12 settled and 74 continued.

The term of April and May of 1926 saw 36 cases tried, 27 settled and the number of continuances reduced to 36. October and November's term of civil court saw 82 cases on the docket, of which 28 were tried, 33 settled and 22 continued. January and February term of this year had 70 cases on the docket of which 33 were tried, 17 settled and 20 continued. April and May, the term just closed had 49 cases for trial of which 20 were tried, 18 settled and 11 continued. The eleven were continued not because the court was not ready to try them but because of reasons ascribed by the attorneys retained. The court adjourned in the middle of the week.

Since January 1926, there have been 135 civil cases tried in the Lawrence County court, a remarkable number, a total far beyond any of the surrounding counties. Of these Judge Hildebrand has tried 77, the remainder being tried by judges from other counties who have been called in each term of court.

Of the eleven cases now remaining to be tried, only one was started in 1925, the others being originated since the opening of 1926. The wheels of justice move fast in Lawrence County and the criticism of courts in other counties and states, that litigants must wait several years to get their day in court, does not hold good in Lawrence County.

Missionaries Return Home From China

GROVE CITY, Pa., May 10.—Dr. Stephen Lewis, Dr. Elizabeth Lewis, and Dr. and Mrs. Charles Lewis, former Grove City residents who have been doing missionary work in China for the past few years, under the Presbyterian Board, are on their way to America, according to word received by Mrs. Nora Lewis, of Craig street.

These missionaries are well known here in Grove City and on their arrival in this country will probably spend a few days here with friends and relatives. On account of the uprising in China and the conditions in the section where they were located, they have been ordered home by the Presbyterian Mission Board.

Bird Fountain To Be Unveiled At Franklin May 21

Erected As A Testimonial Of Appreciation Of James B. Borland, Newspaper Man

Invitations to attend the unveiling of a bird fountain erected by citizens of Franklin as a testimonial of their love for James B. Borland, of the Franklin News-Herald, have been received by members of the News force.

The event is to take place on Saturday, May 21 at 3 p. m.

The committee issuing the invitations says the fountain was erected as a testimonial of appreciation of Mr. Borland's services as President of the Old Home week celebration in 1925. From inside sources we have learned that it is also in appreciation of Jim's lifelong work in the newspaper business in Franklin. His nature stories have put Franklin on the map and made him a first citizen in the hearts of Franklinites.

No more fitting memorial could have been erected to him than a bird fountain. His love for the feathered songsters has been an outstanding characteristic of his life. It will mean supreme happiness for him to wander down by the fountain where the birds sing, drink and wash their wings in the spray. It is fitting that this fountain has been erected while Jim is still on earth to enjoy it. The unveiling will be a big event in Franklin. Mrs. T. A. Irwin is chairman of the committee issuing the invitations.

Police Officials In Pittsburgh Are Scored By League

Two Prominent Officials Arrested; Superintendent Walsh Faces Arrest

(International News Service)

PITTSBURGH, May 10.—Having obtained the arrest of two police officials, Capt. Ambrose and Lieut. Nuncie Marino, William L. King, of the Citizens' league, indicated today that Superintendent of Police Peter Walsh will next feel the Leagues' wrath.

King's campaign against the police is the result, he claims, of their tolerating vice in many forms. He swore out warrants for the arrest of the two officials because three investigators of the Citizens' league were obstructed in their work by the police, he said.

Ambrose and Marion posted $500 bond each for a hearing on May 13, before an Edgewood, Pa., justice of the peace. They denied they were guilty of any charge King made.

Director of public safety James M. Clark, who holds a high position in his church, has remained aloff from the controversy between King and his policemen. Efforts to get him to comment were unavailing.

Children Sue For $7,500 Damages

MERCER, Pa., May 10.—By agreement of council there has been added to the 28 cases of the May Common Pleas List the action brought by the three minor children of Adam Kosin of Farrell; Jennie, Chester and Benny against J. C. Myers in which the defendant is charged with having run into the Kosin car on the date of August 8, 1926 injuring the trio.

The amount of damage asked in each case is $2,000 for Jennie and $500 for the father; $2000 for Chester and $500 for the father; $2000 for Benny Kosin and $500 for the father.

It is set forth in the bill filed that the children were injured in such manner that the expenditure of a large sum for medicines and doctors was necessary on the part of the father.

It is also stated that the children were badly shaken up and forced to suffer a great deal of pain in regaining their health.

Mercer Jail Now Filled To Cacapity

MERCER, Pa., May 10—The register of the Mercer County Jail now totals 60 prisoners. The number is the largest total at the jail for several months, half that number being a fair statement of the enrollment total.

It is stated that this number just comfortably fills the jail without any crowding.

The prisoners since the jail improvement are offered better quarters than ever before.

First Reports Made By Teams

Over $12,000 Reported In First Chamber Of Commerce Reports

NINETY-FIVE NEW MEMBERS ADDED

Ninety five memberships in the New Castle Chamber of Commerce were reported today at noon when the Expansion Movement teams met in the First Christian church. The total amount of money subscribed was $12,825.00. This includes membership fees and subscriptions to the sinking fund.

The attendance today at noon was even better than on Monday and the indications for tomorrow are still better. Chairman James K. Love called upon George B. Hart for the address of the day and Mr. Hart gave his ideas of what New Castle and Lawrence County should do in order to expand. His address was greeted with prolonged applause. Sam Lewis led the pep singing.

The teams went out of today's meeting with renewed determination to put the drive over and really put the Chamber of Commerce on the basis it should be. The meetings will continue until Friday noon.

Estate, Automobile, Motorcycle Taxes Show Big Decrease

WASHINGTON, May 10. — Decreased collections of taxes on estates, automobiles and motorcycles during the first nine months of the fiscal year, as compared with the similar period last year, were announced today by the treasury. Both taxes were reduced by the revenue act of 1926.

Collection of automobile and motorcycle taxes aggregated $46,921,222, compared with $88,104,163 during the first nine months of the fiscal year 1926. The estate tax amounted to $81,092,239, compared with $97,401,301.

Ten Women On Jury In Coast Murder Trial

Hope To Have Jury Composed Entirely Of Women To Try Screen Star

YOUTHFUL SLAYER APPEARS CONFIDENT

By ARTHUR L. MAREK
International News Service Staff Correspondent

LOS ANGELES, May 10.—Paul Kelly, screen player on trial for murder, is staking his chances of acquittal on a jury composed mostly, if not entirely, on mothers. Ten women, most of them mothers, and some with sons of Kelly's age, were in the jury box in Superior Judge Charles S. Burnell's court when the film juvenile's trial was resumed today.

The remaining two tentative jurors were men, but defense counsel W. I. Gilbert still had four challenges with which to maneuver for an all-woman jury.

Kelly, who is accused of having used his bare fists to kill Ray Raymond, musical comedy star, expressed himself as satisfied with the jury as it stood when court adjourned yesterday. Kelly said he was confident of acquittal.

Despite his twenty-eight years, his manly build and studious pose, Kelly is still a boy with his curly hair and warm brown eyes which would melt any mother's heart. And so he instinctively trusts in the mothers who are to try him in that understanding which fathoms the deepest sorrows.

Kelly's defense, as disclosed by questioning of prospective jurors will be two fold. His attorney will attempt to prove that when Kelly battled with Raymond he fought to save his life. The defendant's counsel also will try to show that Raymond did not die from Kelly's first blows, but that the song and dance man's death was due to natural causes.

Pittsburgh Girl Killed By Auto On Way To School

(International News Service)

PITTSBURGH, May 10.—Becoming confused as she crossed a street on her way to school, Dorothy Meyer, 12, was killed today when she was struck by an automobile, according to the police. The driver, W. K. McDonough, 30, was arrested on a reckless driving charge.

German Toy Trade Faces Dissolution

BERLIN, May 10.—The famous German toy industry is in danger of being wiped out by machine-made playthings and competition in the world markets.

Thousands of men and women in and about Nuremburg who used to carve toys out of wood in their homes have abandoned the trade because high tariff walls, especially in the United States and Great Britain, have cut down the export trade. Only the manufactured toys, such as the electrical varieties, are finding a ready market. But even along these lines markets are maintained only by continuous invention of oddities which foreign countries have not yet produced.

Lions Will Have Annual May Party

Members of the Lions club held their regular business meeting on Tuesday, May 10, at the Elks club. The club decided to hold a May party and picnic combined this year and definite dates will be announced in the near future.

New by-laws were also up for consideration and were read and ordered submitted to the club for action.

Lion Cavanaugh of Youngstown was a guest. Tickets were distributed by Al Smith of the Roberson-Smith players for the Lions and their wives to attend the show at the Capitol theatre Wednesday evening. The members will meet at the Elks club at 8 o'clock.

Ministers Plan To Have Noted Speaker In City

Hon. F. A. Wallace Of The Department Of Correction Of New York City Here May 26

Rev. S. R. Crowe, D. D., was the speaker at the closing meeting for the summer of the New Castle Ministerial association Monday in the Y. M. C. A.

Rev. Crowe read a very excellent paper on the subject "Is the Government of the United States Under Obligation to Pray for the Forgiveness of National Sins?"

His discussion was favorably received by the ministers and was given a vote of thanks.

Attorney T. W. Dickey was present in behalf of the local Red Cross chapter and asked for the co-operation of the churches in the raising of $20,000 for the flood sufferers in the Mississippi valley. The officers of the association had already taken action in this matter and planned for a free will offering to be taken next Sunday.

Rev. S. R. Maitland told of the coming of Hon. Frederick A. Wallace of the Department of Correction in New York city, formerly Commissioner of Immigration at Ellis Island, who will speak in this city in the Scottish Rite Cathedral on May 26. Mr. Wallace is a much sought for speaker. He will speak on "Crime and Crime Prevention."

J. W. Owens was introduced and asked that the association might consider having a union meeting of the churches of the city some time next spring and having Dr R. E. Neighbor noted evangelist and Bible teacher as the speaker. As there was not a full attendance present it was thought not best to consider the matter at this time but will probably be taken up at the first meeting next fall.

The present program committee of Rev. W. E. McClure, Rev. T. W. Elnglish and Dr. E. A. Crooks was retained until the association was reorganized next fall. The next meeting will be held the second Monday in September.

Runs Over Bicycle; Must Visit Mayor

One automobile accident was reported to the police department last night and the driver alleged to have run over a bicycle in Delaware avenue has been ordered to appear before Mayor William Dunlap.

The accident reported concerns the car operated by A. L. McCollum, 842 Morton street, and one with Ohio license 860-975. McCollum claims the Ohio car rounded a street car and struck his auto. Both automobiles were damaged at East Washington and Addis streets.

T. Chapota, 602 Sumner avenue, reported that his bicycle was on the grass at 1607 Delaware avenue and a motorist ran his car over the bicycle. His number was taken, given to police and he must face the mayor. The bicycle was damaged.

The Euphrates is termed in the East "The Royal River," from the fact that 672 kings have reigned on its banks.

Dramatic Class At High School To Present Drama

"Craig's Wife" Will Be Given As Closing Play Of High School Year

Friends of the High School who have been following the work of the dramatic class since its inception in 1924 will welcome the announcement that public performances of "Craig's Wife," Pulitzer prize play of 1926, will be given May 19 and 20, completing the dramatic program for the year.

Those who journeyed to Pittsburgh last December to see Chrystal Herne in the leading role, or those who saw the production in New York last year, will find that the work of the high school players compare very favorably with that of the original company.

The first act of the play was given as an assembly program during National Drama Week, receiving general commendation, and this final production of the year will give the public an opportunity to witness a surprisingly fine piece of dramatic interpretation from high school students.

Time Of Choir Practice Changed

Art Collector's Condition Remains Unchanged, Report

(International News Service)

PHILADELPRIA, May 10.—Henry E. Huntington, 77-year-old world famous art collector and railroad magnate, seriously ill at Lakenau Hospital here, was reported "unchanged" today. He was operated on last Thursday by Dr. John B. Deaver.

After a visit to his patient this morning, Dr. Deaver declared "he's all right" but beyond this refused to comment on Huntington's condition. Hospital attendants, however, reported his pulse and temperature "near normal with his condition unchanged."

"HUSBAND SAID I WAS GETTING YOUNG AGAIN"

New Castle Woman Learns How to Restore Health and Energy in the Spring

"Like most old people, I felt bad every Spring. When the bright sun began to warm things up, my old bones ached. I wanted just to lie around and do nothing, and I didn't even do my housework up to the minute. I had thought for years that this was only natural.

"My husband had been relieved of catarrh during the winter by World's Tonic, and there was about half a bottle left. One morning I felt so bad that I began to take it," said Mrs. C. G. Emery to the World's Tonic man.

"In just a day or two I began to note the difference. The bad taste left my mouth, and my appetite improved. In a few days more my aches and pains left me. I got another bottle and before that was all taken my husband said I had begun to look young again! I declare I didn't know the right medicine could do so much. I felt the years roll away, and soon was full of energy. Neighbors said I was overworking myself in my flower garden. But I knew better. I was so full of life I couldn't sit still. Now I know why. In the Spring my system needed clearing up. World's Tonic did that for me, and I've never felt better."

You can obtain this wonderful medicine of McKee's, Eckerd's, Paisley's, Smith's or any reliable drug store. (273)

Defense Opens In Bond Theft Case At Pittsburgh

Attorney On Stand Says Client Represented Bonds As Bell Assets

(International News Service)

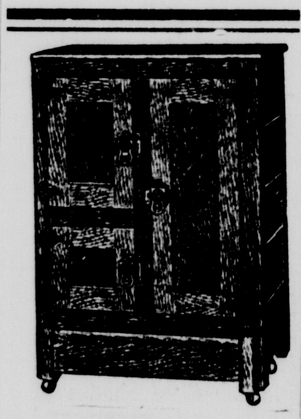

PITTSBURGH, May 10.—The ever present rumor that the bonds in the Brotherhood Savings and Trust company swindle were the hidden John A. Bell assets has crept into the trial of Roland A. McCrady, president of the bank. Charles E. Knapp who disappeared with $320,000 given him for "bargain bonds" and three others in the deal.

The men are on trial on charges of conspiracy to defraud the bank. Of the "pool" raised by McCrady and associates to purchase the "bargain bonds" from Knapp, $102,000 belonged to the bank.

The defense opened its case today. Selection of the jury and presentation of the prosecution's case was finished the first day of the trial.

Attorney A. L. Cohen, a witness testified for the prosecution that McCrady represented the bonds to him as "Bell bonds" which were supposed to have been turned over to Bell's children when the aged financiar lost his fortune and became a bankrupt.

Bell's attorney, John S. Robb, Jr., heard the testimony, but indicated McCrady would not be prosecuted by Bell for his alleged assertion.

HOUSEHOLD HINTS

BY MRS. MARY MORTON

So many families are away from home all day and only reunited at the evening meal. Light breakfasts and lunches are the rule, and when this is the case a hearty meal should be served at night. If wisely planned this is not so hard on the housewife as it seems. Meat may be prepared ready to cook, vegetables the same and the salad materials washed or cooked, as the case may be, all ready to assemble. If a hot pie is desired the crust may be made in the morning and rolled out and put in the pie plate all ready for the filling. This meal would be just as good served at noon, however, if that is the time the family has its hearty meal.

Roast Beef and Potatoes Browned in Roaster with Meat
Creamed String Beans
Combination Salad
Cornmeal Muffins
Cocoa Custard Pie Tea

TODAY'S RECIPES

Combination Salad—Four large, firm parsnips, one carrot, one medium onion. Put through food chopper. Moisten well with a salad dressing rich in either cream or oil. Place in moulds on lettuce leaves. Dust generously with paprika.

Cornmeal Muffins—One egg, two tablespoons sugar, one cup milk, two cups flour, one cup cornmeal, three teaspoons baking powder, one-half teaspoon salt. Sift last four ingredients and sugar. Add two tablespoons shortening, egg and milk. Bake in muffin tins about twenty minutes.

Cocoa Custard Pie—Three eggs, one-half teaspoon salt, three tablespoons sugar, two cups of milk, one cup of cocoa (left from breakfast). Beat in order given and flavor with vanilla. Put in an unbaked crust and bake an hour in a moderate oven. This makes a large pie. Part of the custard may be baked in individual cups.

Grange To Present Play On Thursday

North Beaver grange will present a play "Aunt Jerusha on the Warpath" at the Big Beaver grange hall, Thursday evening May 12. The cast of characters will include:

Aunt Jerusha—Mrs. R. W. Barris.

Town Constable—R. W. Barris.

Sufficiency Fish—John Miller.

Carnival Candy—Joe Gilmore.

The Deacon—Braden Houk.

Queen of the Carnival—Pansy Houk.

Carnival Dandy's Wife—Mildred Barris.

Carnival girls—Marion Wallace, Ruth Barris and Emily Casto.

Poor Old Maid—Mrs. C. W. Casto.

Governor Signs Appropriation Bill

(International News Service)

HARRISBURG, Pa., May 10.—The general appropriation bill, carrying a total of $104,925,161.96 for the state government during the next two years was signed today by Gov. John S. Fisher.

The governor already has announced his approval of other bills with a total appropriation of $39,937,137.11, the greater part of which went to the schools, hospitals and institutions of Pennsylvania.

The amounts awarded in the general appropriation bill represent an increase of approximately $16,000,000 over the budget estimates made at the beginning of the session. Cost of maintaining the schools of the state will take more than half of every dollar spent. That department received $66,099,105 in addition to $8,230,100 in special grants already approved.

Why Firestone GUM-DIPPED TIRES Wear Longer

Cut-away section of a Firestone Gum-Dipped Balloon showing single cord, greatly magnified, untwisted into fifteen smaller cords composed of many little fibers all thoroughly saturated and insulated with rubber by Gum-Dipping

We recently were given the tremendous advantage of having the mammoth Firestone Factories brought to us. In Tire Educational Meetings we were shown, by means of motion pictures, charts, tire samples and complete engineering data, the details of Firestone Tire design and construction—and how Firestone and Oldfield Tires and Tubes are made in the world's most efficient and economical rubber factory.

Firestone pioneered the original low-pressure tire and made it practical by Gum-Dipping. The motion picture showed us how the cords of the carcass are dipped in a rubber solution, thoroughly saturating and insulating every fiber of every cord with rubber. Simple demonstrations and tests illustrated the great advantage of this process, which supplies the extra strength to withstand the extra flexing strains of low-pressure construction—one of the reasons why Firestone Gum-Dipped Tires are establishing such unheard of mileage records.

We learned why the Firestone Balloon Tread gives extra safety, comfort and long wear. We were shown why Firestone, from the very beginning, designed and continued to use the round Balloon Tread, minimizing "shoulder breaks" so destructive to tires. Excess rubber at the edges of a balloon tread is wasted—actually detrimental to tire mileage. In the Firestone Tread the small units and sharp projections are scientifically placed to permit easy flexing, resulting in extraordinary riding comfort.

Come in and let us put a set of these Gum-Dipped Tires on your car—you can forget about tire trouble. Quality is higher than ever before—prices are lowest in history. Buy now!

To File Appeal For Convicted Nine

(International News Service)

PITTSBURGH, May 10.—An appeal will be filed today in behalf of the nine sponsors of the Pittsburgh Symphony society, convicted of violating the ancient Sunday "blue laws" by giving a performance of the Symphony Orchestra on the Sabbath, their attorneys stated.

When Alderman Samuel McKinley fined the symphony backers $25 each, they posted $500 bond and served notice of appeal. In announcing the fines, the alderman issued a statement in defense of the laws passed in 1794.

It was agreed that the music was inspirational, but nevertheless the alderman held symphony concerts are in violation of the "blue laws."

Mary Stuart, the "Beautiful" Queen of Scots, was cross-eyed and wore a wig rather than take the trouble to have her hair dressed.

FOR
Sour Stomach
PHILLIPS' Milk of Magnesia

Hereafter instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle

Insist upon "Phillips". Twenty-five cent and fifty cent bottles, any drug-store. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

It's easier ironing the "fountain pen" way

IRONING is lots easier with a Westinghouse Automatic, just as writing is lots easier with a fountain pen.

The fountain pen controls the ink — its point is neither too "wet" nor too "dry." The Automatic controls the heat — its ironing surface is neither too hot nor too cold.

It's Automatic

At the highest temperature for good ironing, this iron automatically turns itself off, then at the lowest good ironing temperature, it turns itself on again.

No time spent removing and replacing the plug — no minutes wasted while the iron heats or cools.

Price $7.75

(not much more than the cost of a good ordinary iron)

The Automatic is used today in hundreds of thousands of homes.

Have the nearest Westinghouse dealer show you the Automatic — the iron with the famous Spencer Thermostat.

Outdoor Rehearsals Start For Pageant

Westminster College Seniors Prepare For Graduation In June

(Special To The News)

NEW WILMINGTON, Pa., May 10—Outdoor rehearsals for the May pageant to be presented at Westminster college, Saturday afternoon, May 28 are now in vogue. The first practice on the athletic field, the site chosen for the presentation, was held Saturday afternoon. All practices from now until the time set for the pageant arrives, will be held on the field.

Miss Helen Webb a graduate of Westminster and now director of physical education at the Oakmont, Pa., public schools was present Saturday and directed the various dances. Mrs. Mary McConagha, director of the pageant, expressed herself as pleased with the progress made after the rehearsal.

Authorities at Westminster are already making preparations for the handling of a huge crowd. Special bleachers will be erected around the field which will have a seating capacity of several thousand.

One of the dances which has been attracting especial attention due to its beauty and grace of the characters, is the Scarf or Fire dance.

The theme of the pageant will re-picture the history of the college and this dance will represent the tragic happening of January 24, 1927, when Old Main was destroyed by fire.

Co-eds in the dance are: Miss Margaret McFate of New Castle, Miss Hazel Toepfer of New Castle, Miss Jone McCrumb of Oakmont, Miss Anna McEwen of Pittsburgh, Miss Betty Tebay of Butler, Miss Mary Walker of Aspinwall, Miss Florence Wright of New Castle, Miss Phyllis Coley of Cochranton, Miss Betty Ferrill of Canton, O., Miss Agnes Webster of New Castle, Miss June Schwartz of Akron, O., and Miss Frances Leohner of New Castle.

JOHNSTOWN, Pa., May 10. — Mrs. Eva Noble, of Rendville, Ohio, the principal in a "mystery shooting" on the stage at Boswell, near here is in a local hospital today suffering from a bullet wound in her chest.

Mrs. Noble and her husband, Jack, do a "vanishing act" on the stage in which the woman disappears into a frame box and a revolver shot is fired at the box. Last night during the performance the metal shield Mrs. Noble wears failed to stop the bullet and it lodged in her chest, detectives stated.

Work Will Start On Big Additions To Plant At Once

(Continued From Page One)

a small plant of the Shenango China Company, located about one-quarter mile north of the present factory. In 1913 the present factory, which was then known as the New Castle China Company, was purchased. At that time it consisted of six kilns. The plant of the Shenango China Company was immediately abandoned and operation was continued at the new location under the present name of the Shenango Pottery Company. From time to time the capacity has been increased from the original six kilns to the present equipment of 20 kilns.

From the time of the organization of this pottery, neither effort nor expense have been spared to make Shenango the best and most durable ware that can be produced to withstand the hard service given it in hotels and restaurants. The manufacture of chinaware is highly technical, the slightest error in composition or firing often producing disastrous results. The Shenango Pottery is experimenting constantly under the direction of competent ceramic engineers to improve the quality of the product.

Many Improvements

The marketing policy of this concern is unusual and has had a great deal to do with its success. This policy has met with the approval it deserves from dealers in hotel equipment with the result that Shenango dealers are its boosters, both from the standpoint of quality and fair dealing. The management has never hesitated to scrap obsolete equipment and install modern, labor-saving machinery. As a result many improved devices which were for the first time adapted to the pottery industry in the Shenango Pottery are now in use in many other potteries in the country. The operations of this factory are in the hands of foremen who are experts in their line of work, many of them having been with the factory since its organization. Their efficiency, loyalty and ability to keep step enthusiastically with the progressive policy of the company have largely contributed to its success. The plant has operated continuously since its organization, except for 17 weeks in 1922, at which time the entire industry in the United States was affected by a strike.

The advantages to the pottery and consequently to the consumers, which will result from the operation of tunnel kilns, can hardly be estimated. They will permit of a continuous stream of ware fired at uniform temperature, which will cut down many of the present losses and greatly reduce the stock of finished product which must now be carried. This will, of course, be reflected in the costs of the factory and without question result eventually in lower prices and better goods for the consumer.

It is predicted that before long hotel and restaurant operators will insist on tunnel-fired china for their dining rooms, knowing the greatly increased strength and lasting qualities brought about by high, steady firing.

The use of tunnel kilns will make possible the manufacture of additional lines of china, which under present conditions could not be satisfactorily produced, and will greatly widen the scope of the local pottery.

The officers are: James M. Smith, president, treasurer and general manager; Rufus C. Patterson, vice president; J. C. Leohner, secretary; James M. Smith Jr., assistant treasurer.

The directors, in addition to the first two named above, are: H. K. Gregory, secretary of the board; Jacob F. Genkinger, O. H. P. Brown, W. H. Shipler, Charles W. Read.

Charles W. Read is merchandising mananger; James K. Love, advertising manager, and E. J. Kinter, auditor.

PAINTS Lowe Brothers VARNISHES

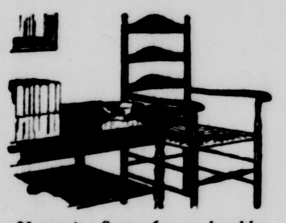

Choosing Varnish for Woodwork, Floors and Furniture

Neptunite Interior—for Woodwork

Neptunite Floor—for Floors

Neptunite Seat—for a durable, practical finish on seats and furniture. If a dull finish is wanted—Neptunite Rubbing

FIRST of all, be sure you have the correct varnish for the surface to be finished or refinished, for different surfaces are subjected to different kinds of use and exposure.

Again—the kind of varnish you should use depends upon the type of finish you desire—whether it is to be in high luster or in subdued tone.

We carry Lowe Brothers Neptunite Varnishes—*Floor*, for floors—*Interior*, for a gloss finish on woodwork—*Rubbing*, for the work that is to be rubbed to a dull finish—*Seat*, for seats and furniture—*Spar*, for outside use. We are prepared to supply you with the correct varnish for any purpose. Neptunite never turns white—won't even scratch white.

Many Take Part In Bird Contest Here

Over 100 Children Naming Posted Birds In Public Library Contest

Saturday, May 7, the last four birds of the Bird Contest, being conducted by the Children's Department of the Public Library, were posted, completing the list of 24. This contest was to last from April 26 to May 14, only 4 days remaining for the children taking part to name their birds and hand in their list.

Around 100 little tots took part in the contest and some 20 have now named the birds and handed in their list. A prize will be awarded when the final date is reached and those having named all birds correctly are found.

The rules of the contest were that four bird pictures would be posted every other day for 6 days, no names being shown. The pupils were to name the birds and place them on their paper.

Many of the most famous batsmen in baseball annals broke into the big leagues as pitchers. Both Babe Ruth and Tris Speaker are included in the list.

The Chicago Cubs and the Boston Braves are the only charter members among the present clubs in the National League.

Here Are Questions Given Pupils In Recent Test For Entrance Into High Schools

Pupils and patrons of public schools throughout the county will no doubt be interested in the examination questions which were given to over 500 pupils of country districts who took the examination for entrance to high schools last Saturday. In addition to the questions given below, the pupils were given the Otis classification test, calculated to test the alertness and general knowledge of the pupil. The examinations were held simultaneously throughout the county by committees appointed by the school directors of the different districts. The questions were as follows:

Reading

What are the principal things to note when preparing a reading lesson?

Name the two kinds of reading. Which is the most important? Why?

Why should you use a dictionary when preparing a reading lesson?

Why should we read newspapers and magazines?

Name five American authors and tell something that each has written.

Give two rules for good reading.

(a) Write the flag salute.

(b) Write at least one line of the American's Creed.

Grammar

Name the parts of speech. Define three of them.

(a) What is a clause?

(b) Name the different kinds of clauses.

(c) Illustrate one kind in a sentence.

Correct if necessary: (a) He done his best. (b) I didn't see nobody. (c) We put the pencils into the box. (d) I did not feel good today.

Give the plural of the following: toy, sky, calf, piano, watch, mouse, spoonful, alumnus, brother-in-law.

(a) What is punctuation?

(b) Rewrite the following punctuating properly:

Every lady in the land
Hath twenty nails upon each hand
Five and twenty on hands and feet
All this is true without deceit

What is the difference between a friendly letter and a business letter?

Write the conjugation of the verb sing in the indicative mode, active and passive voice.

Physiology

What is the function of the heart? Name the other organs of the circulatory system.

What is the effect of cigarette smoking on the heart? Upon the students' work in school?

Name a number of ways in which we can assist in keeping our community healthful.

What kind of clothing should be worn in winter? In summer?

Describe the effect of alcohol upon the system.

Give directions for taking care of the teeth.

Why should we take daily exercise?

Arithmetic

How many pounds of sheet zinc weighing three pounds to the square foot will line the bottom and sides of a tank eight feet by 10 feet and three feet high?

Find the cost of 50 pieces of lumber, each two inches by three inches by 16 feet, at $40 per M.

I bought 63 gallons of molasses at 50 cents a gallon. I lost 20 gallons through leakage. How must I sell the remainder to make 20 per cent on the transaction?

What is the length of the diagonal of a square field containing 10 acres?

Find the interest and amount of $850 from July 1, 1920, to August 15, 1925, at six per cent.

Find the cost of painting the walls and ceiling of a hall 80 feet long, 40 feet wide and 15 feet high at 25 cents per square yard.

A building that cost $8,000 was insured for three-fourths of its value at 2 1-2 per cent. After two premiums had been paid the building burned. What was the entire loss to the owner?

DID HIS WIFE HAVE "TOXEMIA"?

No doubt about it! He did not kill her. It was a case of System Poisoning, professionally called *Toxemia*—brought on by neglect. Often men hear their wives complain of dizzy spells, headaches, bodily pains, tiredness, nervousness and lack of strength, yet do nothing to help them. Days drag along, with family quarrels, when all this worry and complaining of ill health could be stopped almost over night, if men would bring home a box of PARTOLA. This gentle, pleasant internal antiseptic and laxative drives out the poison wastes from bowels, helps prevent *Toxemia*, puts health and energy into complaining women, ends constipation and brings cheer to the home. All druggists sell regular box 30¢, double size 50¢.

Tinting Tips

(Copyright 1927)

Here's the secret of giving lingerie, stockings, etc., the most gorgeous tints. All tints are really colors. **So use real dyes.** Get an envelope of the actual dye powder at any drugstore, for fifteen cents. Do your own diluting, which saves money and gives you the exact shade you want.

Diamond dyes do perfectly beautiful tinting—in cold water. A dip, and it's done. And true dyes don't streak! Dye-tinting doesn't look weak, however delicate a tone you use; nor does it wash out unevenly. When you want the tint to be permanent, just use boiling water instead of cold!

Regular dyeing of all dress materials, drapes, etc., just as easy. Ask druggist for color cards and suggestions. Or, a wealth of ideas in full colors, in new book Color Craft free and postpaid; write DIAMOND DYES, Dept. N30, Burlington, Vermont.

Senior High School News

COMMENCEMENT THURSDAY, JUNE 9.

Commencement exercises for this year's graduating class will be held in the auditorium of the new Scottish Rite Cathedral, Thursday evening, June 9.

In preceeding years the graduating exercises have been held in the Senior High and Ben Franklin auditoriums, but owing to the large crowds that attend it was thought best to secure the Cathedral for this event.

Class Night will also be observed in the Cathedral auditorium.

SENIORS MAKING PREPARATIONS FOR EXAMS

School is drawing to a close for all New Castle students, but for the seniors of the New Castle High school it is a real close. They will soon leave their alma-mater to begin life's journey. A good many of course will enter college for advanced study.

All senior class work will close on Thursday, May 26. On May 27, 30 and 31, the senior final exams will be held. These will be held in the regular class periods.

SENIOR HIGH TO CLOSE JUNE 9.

It was made known at the Senior High School yesterday morning that the school will close for the summer vacation on Thursday afternoon, June 9, at two o'clock.

The commencement exercises will be held that evening in the Scottish Rite Cathedral auditorium.

Five Westminster Men Are Graduated From Seminary

(Special To The News)

NEW WILMINGTON, Pa., May 10.—Five Westminster College graduates were among the graduating class at the United Presbyterian Theological Seminary at Pittsburgh last week.

They were Stillman Foster of Cambridge, N. Y., Ferdinand Vogan of Sandy Lake, Clifford Strangeway of Cambridge, N. Y., Rayburn Campbell of Bridgeville and Frank Black of Dayton, Pa.

Each of the young men have already accepted pastorates.

Westminster has contributed heavily to the Pittsburgh Seminary for years. Among the second year students are Samuel Shane of McDonald, and J. Y. Jackson, of Apollo. First year students are Robertson Wright of Cambridge, N. Y., Wallace McGeoch of Argyle, N. Y., and George Maxwell of New Wilmington.

To Raise Fund For Erection Of New Hospital In Ellwood

ELLWOOD CITY, May 10.—Ellwood City is to have a larger and better hospital, providing the funds can be raised by the Community Chest drive which starts May 23.

The board of directors outline in the following article just what they propose to do with the money raised by the drive and how the spending of it will benefit the town and community.

The New Building

When the board first planned to erect a 20-room addition to the hospital they found that this would meet the needs of our community but for a few years, and if such additions were continued we would have not only a poorly planned but an unsightly building. With this in mind plans have been made for a modern hospital of which the present building will be only a part of the west wing of the completed building.

Our hospital must be enlarged to meet the growing population and demands of our community. Every available space in the present building and the municipal building adjoining is at present being used.

We have at present but five private and two semi-private rooms, which are entirely inadequate to meet the needs of our community. There are many days that every bed in our hospital is occupied, and when this occurs it means that many people of our community who need hospital care are unable to secure same.

We are greatly in need of a maternity department and a nursery, which will be provided for in the new building.

We need additional bedrooms for our regular nursing force, and it is becoming hard to secure special nurses on account of having no sleeping quarters to accommodate them.

The number of children patients has increased so that a special department has been planned for them in the new building, consisting of wards, solarium and childrens' toilet.

Our present building contains an area of 2,084 square feet.

The plans for the new building have been so drawn that the building may be erected in two operations. The first, or main building, containing an area of 4,384 square feet, and the second operation, or east wing, containing an area of 2,304 square feet.

Under our new plans the building will contain the following:

Ground floor: kitchen (dining room and morgue reassigned), ambulance entrance, emergency operating and surgical dressing room, (laboratory and X-ray room reassigned), morgue, (boiler room reassigned).

First floor: surgical ward No. 2, medical ward No. 2, four-bed ward from medical ward No. 1 and office, semi-private room from surgical ward No. 1, utility room, mens' toilet, solarium for men.

Second floor: Semi-private rooms Nos. one and two, six private rooms, general toilet. No changes on this floor.

Third floor: Five semi-private rooms, two private rooms, men's toilet, (operating room, doctors' dressing room and anesthetizing room reassigned).

This wing has been designed for men and will contain a total of eight private rooms, eight semi-private rooms and three wards, a total of 34 beds.

Operation No. 1, Area 4,384 Square Feet (Main Building)

Ground floor: serving rooms, hospital stores, women's general toilet, drug room, public waiting room, general office, superintendents' office and toilet, patients' waiting room, clinic rooms and toilet, doctors' room and toilet, boiler room.

First floor: Service and diet kitchen, children's department, solarium, six-bed ward, three-bed ward, toilet, maternity department, delivery room, sterilizing room, quiet room, creche, infant bath, semi-private room, nurses' toilet, women's general toilet and bath, utility room, two semi-private rooms.

Second floor: service and diet kitchen, operating, major, minor, scrub-up room, doctors' locker and toilet, sterilizing, anesthetizing room, nurses' toilet, bandages and instruments, superintendent, living room, bath and bedroom; three private rooms, one private bath, women's general toilet, utility room.

Third floor: service and diet kitchen, utility room, women's general toilet, one semi-private room, six private rooms.

This main building will contain 10 private rooms, four semi-private and two wards, or a total of 27 beds.

Operation No. 2, Area, 2,304 Square Feet (East Wing)

Ground floor: nurses' dining room, domestic help dining room, serving room, X-ray department, out nurses' locker and toilet, men's general toilet, laboratory, one unassigned room.

First floor: private rooms, four private baths, wards, solarium for women.

Second floor: private rooms, four private baths, wards, solarium for women.

Third floor: private rooms, four private baths, wards, one unassigned room, solarium for women.

This east wing has been designed for women and will contain 12 private rooms and nine wards, or a total of 42 beds.

The completed building will give us a capacity of from 103 to 110 beds for patients.

It is estimated that the cost of this new building will be $100,000 for operation No. 1, or main building, and $50,000 for operation No. 2, or east wing, making a total of $150,000. The architect recommends that the walls of the east wing be erected at the same time the main building is built and the interior left unfinished until actually needed.

If the amount asked for in this campaign is received it will enable the board to let the contract for the building in January or February, it requiring this time to complete the detail drawings.

Drawings and floor plans will be on display in the windows of J. I. Porter's furniture store.

Tomorrow's article will take up the management or board of directors, the nursing staff and the general staff.

Injunction Hearing Thursday Morning

Hearing on the injunction proceedings brought by members of the Lutheran St. Paul's church of Ellwood City to oust Rev. Johann Zultner from the pastorate will be held before Judge Hildebrand at the county court house Thursday morning at 9 o'clock. There is considerable interest in the case and it is expected that there will be many witnesses on both sides.

Pastor Accepts U. P. Church Call

Rev. Minteer Of College Springs, To Assume Duties Here July 1

ELLWOOD CITY, Pa., May 10.—Rev. W. E. Minteer, of College Springs, Iowa, has sent a formal letter of acceptance to the call which was extended to him April 18 to occupy the pulpit of the First United Presbyterian church here.

Rev. Minteer will arrive about July first to take up his new duties. At present he is pastor of the First United Presbyterian church of College Springs. On the twenty-fifth of this month he will be a delegate to the General Assembly of United Presbyterian churches being conducted at Washington, D. C.

The parsonage of the church at 508 Crescent avenue is being prepared for his arrival, and he will bring his family, his wife, a son and daughter with him. The daughter is at present a student in Monmouth College, in Illinois.

The regular weekly prayer service will be conducted in the church Wednesday evening.

Thursday evening the members of the Hannah P. MacDonald class will conduct a monthly meeting in the church.

Peter Pawol Is Conscious Now

Doctors Will Permit No Questioning Of Boy Until He Is Stronger

ELLWOOD CITY, May 10.—Latest bulletin from the local hospital and the police station, states that little Peter Pawol, who was accidentally shot in the head a few days ago on the hill above Highland avenue, has regained consciousness and physicians entertain hopes for his ultimate recovery. Chief of Police Teater has been present during his waking hours, in hopes of getting a statement from him that will throw some light on the shooting episode. The police are quietly working on some important clues, and many suppositions have been advanced regarding the accidental nature of the affair.

Banquet Program Of Slippery Rock Church Announced

Mrs. Grace Benford, Head Of Local Young People's Council To Speak

ELLWOOD CITY, Pa., May 10.—The program of the annual Mothers and Daughters Banquet which will take place Thursday evening at 7 o'clock in the Slippery Rock Presbyterian church is as follows:

The fathers and sons of the church will serve the menu, and the following will contribute to the evening's success: Mrs. Grace Benford, head of the Young People's council of Ellwood City, will be the principal speaker; she will be introduced by Mrs. A. W. Klindienst, who will act as toastmistress; "A Toast to the Mothers," by Miss Edna Wiley and "A Toast to the Daughters," by Mrs. Nellie Hazen. All mothers, and daughters over the age of twelve, are cordially invited to attend the affair.

Religious Men Have Encouraging Meeting Monday

ELLWOOD CITY, May 10.—Members of the Week Day Religious education in the schools committee conducted their regular monthly session Monday evening in the parlors of the First Presbyterian church.

The outlook for the continuation of this work in the schools looks decidedly rosy, according to Rev. A. M. Stevenson. Financially the reports for the year are fine, and the committee expects to go over the top for next year, without difficulty.

Reports of attendance at the classes for this year totaled over 1100 school children.

Butler Wins Bridge Laurels Once More

ELLWOOD CITY, Pa., May 10.—At a contest played last night between the Ellwood City Bridge club and the Butler Bridge club, the third of a series the Butler teams again won the laurels from the local group. The tournament opened with a dinner at the Sterling club. The two teams have been playing together some time and the local devotees of bridge admit that the Butler players are a "pretty slick crew."

The membership of the local team includes George Pugh, Loring Gelbach, Dr. Carl Hayes, Dr. F. H. Swanson, Harold Cartwright, Paul Guy, Tom Daley and Max Ewing.

EWING PARK TROOP MAKES MANY PLANS

ELLWOOD CITY, Pa., May 10.—The members of the Ewing Park Scout troop No. 1 met last night for their regular weekly meeting in the Ewing Park school house. They discussed the Scout banquet which is to take place May 19 and made plans for participating in the Community Chest parade to be conducted on May 14.

Young People Plan To Have Swim Soon

ELLWOOD CITY, May 10.—Members of the Young People's Council met Monday night in the First Presbyterian church for their regular monthly session. They planned to have a swim Monday night at the Shelby pool to which all members of the council are welcome.

The members also discussed the plan of asking each church to have a Mothers and Daughters banquet during this week, which has been set aside for the Mothers and Daughters.

The meeting opened with Devotionals by Harold Kerr, who introduced as part of his program a quartette comprising Janet Gimmel, Gertrude Zeigler, Muriel Bourne and Dorothy Kimes who sang pleasingly "Mother Machree."

A track meet will take place some time during the latter part of this month, an exact date not having been set on account of a possible conflict with high school athletics. The affair will take place on the Athletic field and members of the main committee are Harold Garwig and Dolly Clyde.

A report on the Williamsport convention was given by Rev. A. M. Stevenson and Frank Richards.

FORD-ROUSER NUPTIALS ARE ANNOUNCED HERE

ELLWOOD CITY, Pa., May 10.—Charles F. Ford and Mrs. Laura Rouser, both of this city, were married Saturday at the Arch Street Methodist church of Pittsburgh, with Rev. S. G. Noble, former pastor of the Ellwood M. E. church, officiating. The ring ceremony yas used.

Mr. Ford came here from Gettysburg twenty years ago and is a machinist in the employ of the National Tube company, and has been with the mill for the past seventeen years.

Mrs. Ford is a daughter of Mr. and Mrs. Samuel Parker of Ellwood City, and the widow of the late Joseph Rouser. She has attended the local high school and the Butcher Business college. The couple are at home to their friends at 412 Franklin avenue.

Wurtemburg Road Started Yesterday

Pouring of concrete was started yesterday on the Ellwood City-Wurtemburg road and according to the local office of the State Highways Department work will be carried on and if the weather permits it should be well finished in a few weeks.

The road which leads out of Ellwood city consists of about 3 miles and crosses the Connoquenessing Creek and the Slippery Rock and ends at the second bridge over the Slippery Rock.

The grade was made last year before winter set in and the road has been in terrible condition this winter but soon a good concrete road will connect this village with Ellwood City.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

NOT A FRIEND IN THE WORLD

"Gee whillikens! Just watch that fellow go!" Peter stood with his arms akimbo watching the Grey Squirrel flashing over the ground. Speedy lives up to his name, all right. Up the tree, pop! Into his hole he leaps! There must be something in the wind or he would never have been in such a hurry." Then suddenly the Boy noticed a strange smell. He didn't like it a bit.

"Whoever it is, I don't believe I should care to run into him, so I think I will hide in the burrow until he goes by."

He had taken only a few steps towards Mr. Chipmunk's old home, however, when a strange face appeared at the doorway—a funny little face, with a long, sharp nose, eyes that seemed half shut (and yet somehow the Boy knew that they were watching his every move), and whiskers that made him think of Whitie, the Cat. He stood still in surprise and for a moment the two stared at each other. He was the first to speak.

Who are you? You can't be—are you? You are Weasel."

"What is the use of your asking questions if you are going to answer them yourself?" The creature spoke in a cross, squeaky voice. "It happens, though, that you are right. "I am Weasel. What are you going to do about it? Run away from me?"

"I should say not. Why should I? I have never done you any harm. I am not a bit afraid of you, my friend."

"That is strange," remarked Weasel, and the Boy noticed that his voice did not sound quite as cross. "Almost everybody is. And you know I think that is the very first time in all my life that I have been called friend. It sounds sort of good to me."

"I am glad of that, Weasel, for that is just what I want to be—your friend, and I don't know any reason why I can't, unless, of course, you do not wish to let me."

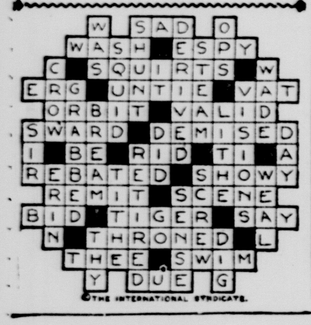

"Nonsense! Of course, I do!" said Weasel quickly. "I never had a friend, so I do not know quite what it would be like, but I am sure I should like it just the same. In Animal land everybody takes me for an enemy, and so of course as long as I have a bad reputation I live up to it. To tell you the truth, I make it a point to be just as cruel as I can. Makes life easy for me. I found that out long ago."

Next: "Living Up to a Bad Reputation."

Many of the famous novels ascribed to the senior Dumas were not written by him at all, but by a staff of writers whom he employed.

Race For Pennant Gets Under Way At Coaltown As Fans Boost Team

PLAY BESSEMER TOMORROW NIGHT

Wednesday Games.

Bessemer at Coaltown. Umpires Diana and Parks.

Wampum at Ellwood. Umpires Hudson and McCann.

Independents at Energy. Umpires McCarthy and Kroesen.

Pennsylvania at Croton. Umpires McCormick and Patterson.

Evans in reserve as available umpire.

The Lawrnce loop will swing into action again Wednesday and when the siren sounds Coaltown will be found playing on their own lot with Hub Hart's team from Bessemer as the visiting attraction.

Last night officials of the Coaltown team appeared at the league meeting and expressed a desire to remain in the league, declaring they had not officially surrendered their right to participate in league play.

As a result of their failure to appear last Saturday a salty fine was imposed on Coaltown and the board of managers after considering all the angles of their case agreed to "forgive and forget."

The managers did this, inasmuch as the Neshannocks which is Coaltown's representative team has been in the loop since its formation and the temporary lull has brought Coaltown to their feet and they'll be present, fighting Wednesday.

While these two teams are battling at Coaltown, Wampum will try to annex a victory from Joe Doherty's flag winners at Ellwood City. The Tubers won the pennant last year and while they got off to a loss Saturday they expect to furnish real opposition to Bob Robertson's heavy stickers Wednesday.

The Independents through Bill Chill said last night that their game with Energy will show some of their best players in action and they expect to atone for their defeat in an exhibition game.

The Independents expect to use their best hurler and players in the game Wednesday as it will count in the league standing and if they can leap off on the right foot believe they have a chance to be among the leading aggregations this summer.

The Pennsylvania railroad team flashed forth a victory Saturday and will go into the game at Croton with confidence born from victory. Andy Colaluca's team expects to come through over the railroaders and as a result a big crowd will witness the tilt.

All of the games will start at 6 o'clock daylight savings time which will give workingmen a chance to witness the entire game. Managers must have their box score into the News Wednesday night.

Kangaroos Lose To Bisons, 5 To 4, In King Tut Loop

The Kangaroos managed by Lou Harlan were defeated by the Bisons managed by William Eroe, Jr., in the opening game of the King Tut League, played on the Coaltown grounds on Monday night. The final score was 5 to 4.

Minnick's hit in the sixth inning gave the Bisons their one run advantage over the Kangaroos. William Hanna was on the mound for the Kangaroos and was found for twelve hits. Preston took the hill for the Bisons and gave ten hits.

Charley Andrews with three hits and J. B. Waddington with two were the best hitters for the Kangaroos, while the hitting of Cox, McBride, Kelly, Foster and Minnick featured for the winners.

The box score turned in was not prepared for publication.

First Baptists Down Third U. P. In Church League

Baptists Hammer Out 17 To 8 Victory In Opening Game Of Season

The First Baptist team had their batting togs on Monday night in the opening of the New Castle Church League at the Lehigh field and hammered out a 17 to 8 victory over the Third U. P. team.

The game was a free hitting affair, with the Baptists having 15 safe wallops and the Third U. P. boys 11. McClure, on the mound for the losers, yielded enough hits in the first two innings to produce 10 runs. Reed pitched a steady game for the Baptists.

The hitting of Johnson, Orr and Green featured for the Baptists, while the work of Jones and Dietch was the best for the Third U. P.

Errors were quite frequent in the game, with a total of six being chalked up for the evening.

Joe Harris Will Cover First For Pirates Today

Grantham Moves Over To Second Replacing Hay Rhyne In Infield

(International News Service)

PITTSBURGH, May 10.—Coulter Joe Harris, one of the mightiest sluggers aboard the Pirate sloop, will be seen at first base when the team opposes the Braves in Boston today, according to word received at Pirate headquarters.

First Baseman Grantham will be moved over to second, replacing Thyne, who is ill. Although Harris is an outfielder, he has convinced Manager Donie Bush that he can hold down the initial sack.

Harris likes action aplenty and he hopes to get more of it at first base than in the outfield. Frequent handling of the ball improves his ability to connect at the plate, the Venango countian says.

Chewton's Seneca's Defeat Yankees

The Chewton Seneca's defeated the Koppel Yankees 18 to 3, in a game played on Saturday afternoon at the Chewton grounds.

The hitting of Dombeck featured the game, this youngster had a triple, double and single. Hergenrother, Demark and Allen also hit timely for the winners.

Dombeck on the mound for the Chewton team pitched a fine game allowing but one hit and fanning fourteen men. Frankie and James divided pitching duties for the Koppel crew

Senators Are Headed For Hospital Championship

By NORMAN E. BROWN

If the present epidemic of injuries and sickness on the Washington team continues the next order for bats will be accompanied with a requisition for half a dozen wheel chairs, four pairs of crutches, eight bottles of paregoric and a hot water bottle.

Beginning with the accident to Walter Johnson's foot during the spring training trip and the bunging up of Manager Harris' finger a relentless fate has followed the team at every turn of the road.

Stanley Coveleski, Goose Goslin, Sam Rice, Ossie Bluege—one after another—and sometimes two or three in a row, have been laid up for some injury or ailment.

Not more than a few days ago Manager Harris, himself out of the infield, was forced to send Reeves, a youngster, to third base when Bluege sprained an ankle.

The lineup that day showed a rookie, Stewart, as leadoff man, and playing second; West, a newcomer, in right, and Reeves at second. Topper Rigney, recently obtained from the Red Sox, gave the team another new man at short.

Central Christians Defeat Epworth In League Opener 21-2

Central Christian Team Scores Thirteen Runs In Second Inning For Record

The Central Christians had a walkaway with the Epworth M. E. team in the opening game of the New Castle Church League, played on the Colonial field on Monday night. The final score was 21 to 2.

The Christians broke what is believed to be a Church League record for runs scored when they found the Epworth pitchers for enough hits in the second inning to produce 13 runs.

Thompson, the Christians' second baseman, was spiked in the first inning and had to retire from the field. He will likely be out of the line-up for two weeks.

Martin pitched good ball for the Christians for five innings and was relieved in the sixth by Schiek, who fanned three men and walked one. Borman, Cooley and Nicholson were used on the mound by the Epworth boys.

Cowmeadow, Martin and Shaffer were the heavy hitters for the Christians, with Borman the best sticker for the losers.

Whitney Horses Big Favorites In Derby Race

Bostonian And Whiskery Are Mentioned Prominently

BY DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, May 10.—"Play the Whitney entry," said the grandfather of the Emperor Nero the first time he took the boy violinist out to the Appian Way to see what made the wheels go around. And so it has been on every first class race track these numbers of years, the advice having proved to be sound and withal reasonably remunerative.

It might have been more so, except that it was many a semester before the notion paid off after a running of the Preakness and derby and the number of citizens who simply must bet a number of dollars on these races are equally surprising. But all things come to an end, including the opposing tackle, and that "Play the Whitney" slogan paid off plenty on Bostonian and Wiskery after the thirty seventh running of the Preakness stakes at Pimlico yesterday.

Today, both colts were to be consigned, F. O. B. Churchill Downs, for the race of races on Saturday next. At least, James Rowe announced before the Preakness that, win or lose, both would go to the derby. They won! That is Bostonian won by a half length in the final fifty yards and Whiskery, the pet of the string, finished third behind Sir Harry, the Seagram horse, in a driving finish.

Homestead Grays Here Wednesday

New Castle O. & P. Team To Meet Grays At Centennial Field At Six O'clock

COLORED TEAM IS FASTER THAN EVER

The Homestead Grays are in great shape for their game with the New Castle club at Centennial field Wednesday evening at 6 o'clock and a great battle is in prospect.

The Grays will have their usual galaxy of star talent on the diamond at Centennial field and one of Manager Posey's star pitchers will be on the mounds. "Smoky Joe" Williams, Lefty Williams, Oscar Owens and George Britt are all in fine shape and regardless of which one is chosen to pitch, New Castle fans will see a high class article of mound work.

The Grays have in George Britt the greatest versatile player in the country. He can pitch, catch and play either of the infield or outfield positions with the same skill. He was one of the two pitchers—Joe Williams, being the other—who defeated the American League All-stars last season. Many New Castle fans saw the great game the Grays played with this club at Youngstown and as a result they do not hesitate to class the Grays as the foremost Colored nine in the country.

Kentucky, Derby Home, Hopes For Ring Champ

By NORMAN E. BROWN

As the eyes of the horse world are on Kentucky that state is also hoping to draw the attention of the boxing public to one Jimmy Byrne, native son and hopeful of climbing the heavy weight heights in the near future.

The more optimistic Kentuckians see Byrne eventually climbing over Jimmy Maloney, Jack Sharkey and the others to place in the sun.

When Byrne was signed recently to meet Young Stribling the night before the Kentucky Derby at Louisville it marked his second big chance.

Byrne hails from a little farm 13 miles from Owensbdro, Ky., in a section known as the "Purchase." It got its descriptive term not because it was included in the Louisiana Purchase but because it was bought by what was then the Commonwealth of Virginia from the Chickasaw Indians?

Byrne, an adventurer by nature went west when young and later gained his early fighting experience while a "gob." Leaving the navy he continued his fistic activities on the Pacific Coast. He was champion of the Pacific fleet at one time and licked, among others, Eddie Hoffman, who is well known now as a heavy and who met Young Stribling in the east this year.

His first big fight was with Wiggins, staged on the coast June 30, 1926. Wiggins, confident of victory, received the surprise of his life when Byrne flayed him unmercifully in the early rounds, carried the fight all the way through and emerged an easy winner.

This spring Byrne was taken to Kentucky that his manager's brother, Hugh Ross, once a promising middleweight, might help his fighting style. A four round knockout victory over Sailor Maxted immediately won him popularity in his home state.

Then someone suggested a return match with Wiggins. The latter had been hankering for a chance to wipe out the defeat. The two were matched by the American Legion. They met in the Louisville Armory, April 12, and Byrne proceeded to give Wiggins a worse trimming than the previous one. The match with Stribbling resulted.

Bethany's Tennis Team To Play At New Wilmington

(Special To The News)

NEW WILMINGTON, Pa., May 10.—A very successful Westminster College tennis team started work monday in preparation for a Tri-State Conference match with Bethany College here, Saturday afternoon. The match will mark the opening of Westminster's home season.

The team can be termed a successful one on the face of its performances Friday and Saturday of last week. Friday afternoon, after dropping three in five singles matches with Duquesne, the team paired off in the doubles to win a 4-3 decision over the highly touted Dukes. To top off this victory, Bethany was defeated 7-0 at Bethany, the following afternoon.

Westminster's new men performed exceptionally well. Bill Clark of New Wilmington, freshman, showed the way to Paul Sullivan, ace of Duquesne squad. Shaffer, of Youngstown, number three man, lost his singles setto at Duquesne but copped at Bethany. Captain Dowell of Jamestown, Paul Gibson of New Kensington and Dick Robinson of Massilon, letter-men played good tennis and more than held their own.

The pair of triumphs gives Westminster the undisputed leadership in the Conference standing. Westminster has won district honors for the past three years and is very anxious to repeat.

Four Good Games On Tap Tonight In Twilight League

Four good games are billed tonight in the Lawrence County Twilight League. The games will start at 6:30 o'clock daylight savings time.

The West Pittsburg Garlands will journey to Edenburg for a game with Hudson assigned as the umpire. South Hills and the National Radiator Colored Stars will battle at the Radiator Field with Parks handling the game.

The Lawrence Indies and Ryantown teams will battle at the Sampson street field with Shingledecker as the official. The Hillsville team will clash with the Troop B boys on Coaltown grounds, with Adams as the umpire.

Detroit Tigers Massacre Red Sox

Tigers Defeat Boston Red Sox, 17 To 11, In Weird Exhibition

CLEVELAND TRIMS ATHLETICS, 6 TO 1

By LES CONKLIN
International News Service Staff Correspondent

NEW YORK, May 10.—Detroit, dusky equine of the American League race, has passed the Athletics today in a smashing offensive that threatens to dislodge the champion New York Yankees from first place. While New York and Philadelphia were losing yesterday, the Tigers butchered the Red Sox, 17 to 11, in the worst massacre the mid-west has seen since the defeat of General Braddock.

The Tigers, who are managed by the well-known tenor, George Moriarty, put a rousing symphony for the benefit of the Red Sox. Harry Heilmann, the noted basso, played an exquisite sonata of two home runs and two singles on his trusty bat and Marty McManus rendered two triples and a single in his pleasing baritone. Twenty-two hits hummed from the bats of the Tigers and they scored in every inning but one. Ten pitchers were carried off the field.

Another massacre was staged in Cleveland where the Indians scalped the Athletics, 6 to 1, for the third time in succession. Big Chief Joe Shaute held the Mackmen to six hits in winning his first game of the season and Connie Mack became so desperate that he played Fox, a catcher, on first base and sent infielder Jimmy Dykes to the outfield.

The Yankees got another well-pitched game. This time from Dutch Ruether, but lost to the White Sox in the tenth, 2 to 1. Deacon Wilcey Moore, official pallbearer for the Yanks, entered the pastime as a relief pitcher and provided necessary relief for the Sox by uncorking a wild throw that lost the game. The Yankees were unable to strike up a swatting acquaintance with Red Faber. Tony Lazzeri made his first error of the season after having accepted 123 chances.

Rain held the remaining ten big league outfits idle, and double headers are piling up for the fans this summer.

Two Games Billed In Church League

Two games are scheduled in the New Castle Church League for tonight providing the rain ceases sometime today and the playing fields are in shape for use. The games will start at 6:30 o'clock.

The Central Presbyterians will meet the First Christians at Colonial Field with Black assigned as the umpire. The Croton M. E. team will tangle with the Methodists at the Lehigh Field with Hamilton as the official.

NEW YORK, May 10.—Pat McCarthy, Boston heavyweight, will live to fight another day, for he ran away from Mike McTigue, former light-heavyweight champion, at every opportunity in their 10-round bout here last night. Apparently in deadly fear of Mike's devastating right, Pat hopped on his bicycle whenever danger threatened, and McTigue won the decision easily.

Although at a disadvantage of 38 pounds in weight, Johnny Risko of Cleveland easily defeated Pat Lester of Arizona. George La Rocco of New Rochelle administered a terrific drubbing to Earl Blue, the St. Paul slugger, but could not knock him out.

A Redbird Quartette — By Feg Murray

Copyright, 1927, by Metropolitan Newspaper Service

Behold the "Big Four" of the St. Louis Cardinals' mound staff, the quartet that the Mound City fans are hoping will be able to pitch the Red Birds to another world's championship, in spite of the loss of their former manager, Rogers Hornsby.

Alexander, Sherdel, Haines, and Rhem, what a foursome! And what variety! Alex, 40 years old, crafty, cunning "Old Pop"; Sherdel, the southpaw, ten years younger than Alex, called "Wee Willie," yet really not small at all; Jesse Joseph Haines, approaching 34, and with the build and the initials of a heavyweight champion; and lastly Flint Rhem, only 25, the biggest of the four, and signed by the Cardinals while a student at Clemson Agricultural and Mechanical College, South Carolina.

This quartet is today starting its first series against the New York Giants, picked by nearly all the "experts" as the team to beat for the National League pennant. Alexander, it will be remembered, pitched the opening game for the Cards again Chicago. His world series reputation evidently didn't affect his former team-mates, for Old Pop was rudely batted out of the box early in the game. He came back, however, in his next start, and beat the Reds on April 17. Haines, Sherdel and Rhem all began the 1927 season by holding their opponents to two hits, but "Wee Willie," with his usual hard luck, lost to the Cubs by one run, scored on Hack Wilson's homer. Haines, who pitched the only shutout in the last world series, won his third start on April 25, pitching the Cards into the league leadership, supplanting the Pirates.

The last year's records of these pitchers show that they performed best against the Braves, eleven games in all from the Bean-eaters. Cincinnati was the hardest team for the Big Four to defeat, only three victories being scored over Reds. Rhem and Sherdel were unable to defeat the Rhinelanders at all in 1927. Sherdel found Brooklyn the easiest, winning six games from the Robins, while Rhem beat the Phillies five times. In all, these four flingers turned in fifty-seven varieties of victories for St. Louis, and only two other teams in the National League, Cincinnati and Pittsburgh, had a pitching quartet that won more games last season.

Feg Murray Says:—

If two men actually ran one hundred yards in a three-legged race in eleven seconds, as Harry Hillman and Lawson Robertson claim, they did back in 1909, they were going so fast that the Judges couldn't tell how many legs they were using.

SPORTS DONE BROWN

By NORMAN E. BROWN

Jack Dempsey, long called the "Manassa Mauler" and credited up to his fight with Tunney as being a man-killer, is painted in an interesting light by a Kansas City police officer, long an admirer and personal friend of the ex-champ.

The officer, William M. Meyers, with the kindest of feeling toward Dempsey depicts him as a man lacking confidence, fearful of the outcome of every fight in which he participated, and held to his task only by the clever psychological appreciations of Jack Kerns.

Off hand one is inclined to take this opinion of Dempsey lightly in view of his achievements in the ring—his visible ferosity and the net results of it.

But on the other hand it may well be true that Dempsey, before his fights, was fearful of the outcome. Courage is born of fear. The men who tremble going into battle may and do go to death with a smile on their lips once the first flush of fear is ended.

There are fighteers, too, who do not arise to their best until stung badly by their opponent. The first blow seems to unleash something within them—call it fighting spirit or what you will.

However, if Dempsey does lack confidence in himself this trait, so cleverly hidden to date, should bob up in his efforts to come back, especially if the going gets rough.

If Jack's comeback does nothing more than furnish some data on which to establish definitely his place as a fighter it will not have been in vain.

Close followers of the Chicago Cubs state that the failure of Riggs Stephenson, Manager McCarthy's "hope" at third base, to deliver there was caused more by mental anguish than lack of all around playing ability.

McCarthy, hoping to inject the maximum amount of batting power into his lineup, shifted Stephenson from the outfield to the last corner when the season opened. He was aware that Stevie's throwing would handicap him, but felt that the slugger's offensive help would more than offset that.

As it turned out Stevie's hitting dropped off the moment he tried to play the third turn, due entirely to his worry over the job. Howard Friegua has been playing third since the experiment failed.

The Athletics picked by the majority of experts about the major league cities and other sections of the land to win the American League pennant, won nine of their first 14 games. This gives them a winning average of .643—higher than that needed to land them the flag.

This must be excepted either as proof that they have the stuff if they can hold the pace— or that they are shooting above their heads now. Take your choice.

His effort doesn't show in the records of the recent Penn relay games but Bill Cox, mile and cross-country runner of the University of Pennsylvania, staged one of the most thrilling exhibitions of the meet while trying to stave off defeat of the Penn relay team in the four-mile relay.

Cox started the last leg of the race 60 yards behind Rue of Illinois. The race seemed hopelessly lost. The crowd got its biggest kick of the meet when Cox not only caught up to Rue in the last quarter but passed him momentarily. The pace told on Cox however and Rue won by six yards after a great spring over the last forty.

Any time a man cuts down a 60-yard lead against a runner like Rue or against any of the men of the calibre entered in the college relays he is RUNNING!

* * *

The recent trade between the Boston Red Sox and Washington Senators, which sent Emory Rigney from Boston to the capital and Buddy Myers to the Hub was in the nature of a used-car deal.

Rigney, booked to become one of the game's greatest infielders after he joined Detroit failed to get going consistantly. Everything from the stomach ache on up ailed him. Obtained by the Red Sox he again failed to find himself.

Buddy Myers had been with the Senators two or three years during which time Manager Harris tried in vain to work him in permanetly at short or third.

So the two teams just swapped on the hunch that the men might show some improvement by a change of pasture.

HIGH LIGHTS OF HISTORY

The Close of Hooker's Campaign. *by J. CARROLL MANSFIELD*

Registered U. S. Patent Office.

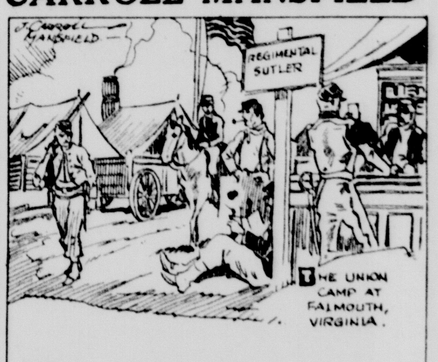

ON MAY 4, 1863, LEE HAD TURNED BACK TOWARD FREDERICKSBURG WITH PART OF HIS ARMY TO ATTACK THE FEDERAL 6TH CORPS UNDER SEDGWICK AT SALEM HEIGHTS, LEAVING ONLY JACKSON'S OLD COMMAND TO OPPOSE HOOKER AT CHANCELLORSVILLE. THOUGH HOOKER HAD MORE THAN 80,000 MEN, HE REMAINED ON THE DEFENSIVE AND LEFT SEDGWICK TO TAKE CARE OF HIMSELF.

THAT NIGHT HOOKER HELD A COUNCIL OF WAR. MOST OF HIS GENERALS WANTED TO KEEP UP THE FIGHT AND FAVORED A DETERMINED ADVANCE, BUT HOOKER HAD APPARENTLY MADE UP HIS MIND TO GIVE UP THE CAMPAIGN AND AS A RESULT A GENERAL RETIREMENT WAS ORDERED.

ON THE NIGHT OF MAY 5TH, THE ARMY OF THE POTOMAC ABANDONED ITS POSITION NEAR CHANCELLORSVILLE AND RETREATED TO THE NORTH BANK OF THE RAPPAHANNOCK, CROSSING AT UNITED STATES FORD. THE FEDERAL LOSS IN THE CAMPAIGN WAS 17,287 MEN; THAT OF THE CONFEDERATES, 12,463.

ONCE ACROSS THE RIVER, HOOKER'S ARMY RETURNED TO FALMOUTH, OPPOSITE FREDERICKSBURG, AND RE-OCCUPIED THE LINES AND DEFENSES IT HAD HELD BEFORE THE CAMPAIGN.

TOMORROW—MOSBY, THE CONFEDERATE RAIDER.

Series L, consisting of bonds from 61 to 65, inclusive, shall become due and payable August 1st, 1943;

Series M, consisting of bonds from 66 to 70, inclusive, shall become due and payable August 1st, 1944;

Series N, consisting of bonds from 71 to 80, inclusive, shall become due and payable August 1st, 1945;

Series O, consisting of bonds from 81 to 90, inclusive, shall become due and payable August 1st, 1946;

Series P, consisting of bonds from 91 to 100, inclusive, shall become due and payable August 1st, 1947.

SECTION 4. That for the payment of interest and taxes on the said bonds and for the liquidation of the principal thereof at maturity there shall be, and there is hereby assessed and levied annually upon the assessed valuation of all the taxable property within the said City, a tax sufficient in amount to produce the following sums, or so much thereof as may be necessary for the fiscal year commencing on the first Monday of January in each of the years below designated, viz:

For the year 1928, Eight Thousand One Hundred Twenty-five ($8,125.00) Dollars;

For the year 1929, Eight Thousand One Hundred Twenty-five ($8,125.00) Dollars;

For the year 1930, Nine Thousand One Hundred Twenty-five ($9,125.00) Dollars;

For the year 1931, Nine Thousand One Hundred Twenty-five ($9,125.00) Dollars;

For the year 1932, Nine Thousand Four Hundred Ten ($9,410.00) Dollars;

For the year 1933, Nine Thousand One Hundred Sixty-five ($9,165.00) Dollars;

For the year 1934, Eight Thousand Nine Hundred Twenty ($8,920.00) Dollars;

For the year 1935, Eight Thousand Six Hundred Seventy-five ($8,675.00) Dollars;

For the year 1936, Eight Thousand Four Hundred Thirty ($8,430.00) Dollars;

For the year 1937, Eight Thousand One Hundred Eighty-five ($8,185.00) Dollars;

For the year 1938, Seven Thousand Hundred Forty ($7,940.00) Dollars;

For the year 1939, Seven Thousand Six Hundred Ninety-five ($7,695.00) Dollars;

For the year 1940, Seven Thousand Hundred Fifty ($7,450.00) Dollars;

For the year 1941, Seven Thousand Two Hundred Five ($7,205.00) Dollars;

For the year 1942, Six Thousand Hundred Sixty ($6,960.00) Dollars;

For the year 1943, Six Thousand Seven Hundred Fifteen ($6,715.00) Dollars;

For the year 1944, Eleven Thousand Four Hundred Seventy ($11,470.00) Dollars;

For the year 1945, Ten Thousand Nine Hundred Eighty ($10,980.00) Dollars;

For the year 1946, Ten Thousand Four Hundred Ninety ($10,490.00) Dollars;

SECTION 5. The said bonds shall be known as the "City of New Castle Improvement Bonds, Series of 1927," and shall be signed by the Mayor, attested by the City Clerk under the Corporate Seal of the said City, and shall be countersigned by the Superintendent of Accounts and Finance and by the City Controller. The interest coupons attached to the said bonds shall be signed by the City Clerk, the Superintendent of Accounts and Finance, and the City Controller, by and under their own or fac-simile signatures.

SECTION 6. The money borrowed under the provisions of this ordinance shall be and the same is hereby divided and appropriated to the following uses and purposes, to-wit: (1) The sum of Fifty Thousand ($50,000.00) Dollars to be used and is hereby appropriated for constructing and re-constructing the garbage incinerating plant in the said City, and (2) the sum of Fifty Thousand ($50,000.00) Dollars shall be used and is hereby appropriated for improving certain street and constructing certain sewers in the said City.

SECTION 7. Registration of any of the said bonds issued under the provisions of this ordinance may be made in the manner provided by law in the office of the Superintendent of Accounts and Finance of said City, but the right to register said bonds shall be confined to the principal debt thereon. In case any bond is registered and thereafter transferred by the registered holder thereof to any other person or persons, the said transferee, or his assigns, may transfer or retransfer the same to bearer and thus again restore its negotiability, provided written notice of such transfer is given to the Superintendent of Accounts and Finance of the said City.

SECTION 8. The Council of the said City shall annually fix the tax rate or millage upon the valuation and assessment for that year, so that the said rate of millage will produce the revenue and taxes hereinabove set forth in Section 4.

I, Cordelia Zeigler Jones, City Clerk, do hereby certify that the above and foregoing ordinance has been regularly introduced and is now pending in the council of the city of New Castle, Pa. In witness whereof, I hereunto set my hand and affix the seal of the city, this 10th day of May, 1927.

N. Y. STOCKS

(International News Service)

NEW YORK, May 10.—Industrial stocks in all sections of the market were under selling pressure in the early trading today. The motors and and specialties which rose spectacularly in the last two or three sessions were under profit-taking, while the oils and coppers felt the weight of further price reductions.

The Standard Oil Company of Indiana and the Texas Company reduced gasoline prices in their respective territories 2 cents a gallon simultaneously with the announcement of a new 46,000-barrel daily increase in crude oil production. Independent oil stocks suffered a mild collapse at the outset, but buying demand was in evidence at the lower price ranges, and parts of the lost ground was recovered.

A further increase of about $37,000,000 in brokers' loans, bringing the total to within hailing distance of last year's peak, was generally accepted as an evidence of the piling up of marginal buying, and the consequent "passing of stocks to weak hands."

Pershing May Get Position As Dry Chief

Opposition To Haynes As Federal Prohibition Commissioner Is Strong

MENTION FORMER ARMY COMMANDER

Both Wet And Dry Forces Attack Appointment Of Haynes To Important Post

(International News Service)

WASHINGTON, May 10—The controversy raging over the candidacy of Major Roy A. Haynes for the post of Federal Prohibition Commissioner may be settled through the appointment of a compromise "bone-dry" prohibitionist, having the support of the Anti-Saloon League, it was reported today in administration circles.

The candidacy of Haynes, long a stalwart of the Anti-Saloon League, suffered a setback when both wet and dry spokesmen opened fire on his qualifications for the commissionership. From the wet camp, Senator Edward I. Edwards (D) of New Jersey, charged Haynes was being "forced down the throat of the Coolidge-Mellon administration" and that his appointment would be a "travesty on a government of free institutions."

The dry attack came from the Christian Advocate, leading Methodist Episcopal publication, which said the naming of Haynes would be a "blunder." The church paper urged the appointment of General John J. Pershing, because the post needs "the most forceful and fearless administrator in the land."

See Compromise

Administration leaders were known to be looking for a compromise candidate. To date, the name of Seymour Lowman, a former lieutenant-governor of New York, has been the most frequently mentioned. Lowman has the endorsement of the New York Anti-Saloon League, numerous temperance societies, W. C. T. U. officials and of Ogden Mills, Assistant Secretary of the Treasury.

The final word probably will come from Wayne B. Wheeler, generalissimo of the Anti-Saloon League. If Wheeler should endorse Lowman, it was said, the New Yorker will get the appointment. Friends of Haynes however insist the Ohioan will get the post.

The administration meanwhile was said to be impressed by the opposition to Haynes. The Christian Advocate said "Haynes has not revealed any conspicuous qualification for an office, which is one of the most important and exacting in the government. His reappointment can only be regarded as temporary by those who believe that it is the President's desire to have the law vigorously and ably carried out." As for Pershing, the church paper said: "Mr. Coolidge might do it yet (name Pershing). If he is in earnest in this business, he will do it."

Protests Haynes

Senator Edwards tossed a wet broadside at Haynes, declaring that Coolidge, Mellon and General Lincoln C. Andrews had expressed "doubt as to the capacity of Haynes to seriously assume the responsibilities of prohibition commissioner." To name Haynes at the solicitation of Wayne B. Wheeler, Edwards added, would be to "accept the dictation of the Anti-Saloon League super-government."

"Haynes' appointment has been held up not because of wet opposition but because bone-dry advocates, whose support President Coolidge is relying upon to return him to the White House next year, have flooded the executive mansion and the Treasury Department with vigorous protests against the naming of Haynes," said Edwards. "Haynes has been tried and found wanting."

FISHER VETOES BILL FOR TWO TYPES OF HUNTING LICENSES

HARRISBURG, May 10.—Governor Fisher has announced his veto of the Davison bill which would have provided for two forms of licenses for non-resident hunters, one for small game and one for big game. John B. Truman, secretary of the board of game commissioners, last week asked that the bill be vetoed.

The governor stated that the licenses for this year have been ordered, and that it would be too late to make changes proposed by the bill unless an entirely new supply of tags for non-resident hunters was obtained.

Hundreds See New Engine

"President Washington" At B. & O. Station, Attracts Large Crowd

Hundreds of men, women and children viewed the new passenger locomotive of the Baltimore and Ohio railroad Monday, which was on display in the yards of the company in the Seventh Ward.

The new engine, "President George Washington" is a graceful monster. Long and heavy and powerful it seems to boast a strength and speed that will carry it over the rails at a speed designed to get passengers to their destination with no delay.

The "President George Washington" is one of the newest Pacific type locomotives built. It is the first of twenty ordered by the Baltimore and Ohio and will be placed in service between Washington and Jersey City.

The locomotive was built in March, 1927, by the Baldwin shops, has a tractive power of 50,000 pounds, a cylinder diameter of 27 inches and a stroke of 28 inches, boiler pressure 230 lbs., diameter of drivers 80 inches, weight on rivers, 201,000 pounds, weight on front trucks 63,000 pounds, weight on rear trucks, 62,000 pounds, total weight 326,000 pounds. The coal capacity of the tender is 17½ tons and the water capacity 11,000 gallons.

The engine is the last word in modern efficiency, and the spectators viewed it with much interest.

Bandit Critically Wounded, Two Others Injured In Gun Fight

Sheriff Of Indiana County Suffers Wounds In Gun Fight With Thugs

(International News Service)

INDIANA, Pa., May 10.—John W. Gaydosh, 24, of Detroit, is in a critical condition in a Kittanning hospital, shot through the lungs, and W. A. McClelland, 19, also of Detroit, and Sheriff John M. Malcolm, of Indiana county, are nursing injuries today as the result of a battle between the sheriff and an alleged bandit gang.

Gaydoslr is not expected to recover. His companions, McClelland and Stella Baranek, of Detroit, and Cora Margaret Brayman, of Kansas City, Mo., the sheriff claims the quartet perpetrated a series of robberies in Indiana county during the past week.

Gaydosh was shot by a deputy sheriff after he and McClelland had worked loose from handcuffs and struck Sheriff Malcolm over the head. Malcolm and the deputies were riding in the front seat of the car in which the quartet was being returned to Indiana after the arrest.

David Long Is Given Gold Medal

Best Speller In North Street Junior High Is Given Award This Morning

A demonstration of the boys' physical education class and the presentation of a gold medal to David Long as the best speller in the school were the features of the North Street Junior High school assembly held in the senior high school auditorium this morning.

David Long of the seventh grade was presented with a beautiful gold medal as a reward for spelling down the entire school in a contest recently held.

The program presented by the boys' physical education class, who were trained and directed by Mr. Lingerman, was very good, although quite brief, yet perhaps quite long enough for the boys who had to take part this warm morning. Their program consisted of tactics, calesthenic drills and tumbling exercises.

The boys who took part were: Kenneth Donegan, Mike Melder, Tom McLaughlin, Harry Valle, Harry Hood, Nick Uram, Guy Jumbo, Richard Swanton, James Sotus, Paul Workman, Bill Thomas, Bill Ward, Edward Rumbaugh, Harry Shannon, Dave McKissick, Vitus Bongivengo, Herman Green, Jim Shaffer, William Shira, Jack Porte, Howard McCune, Kenneth Atkinson, Loren Kannenburg, John Uram.

It was announced that Helen Eckelberger was the winner in the penmanship contest in the commercial department.

Don't expect a single bottle to do it all at once but one bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort.

Remember that Moone's Emerald Oil, is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

Buffalo Salesman Attacker Of Girl Is Put On Trial

Erie County Court Opens Case Against Man Alleged Murderer Of Girl

(International News Service)

ERIE, Pa., May 10.—Presentation of the state's evidence against Karl Bechtel, Buffalo salesman, on trial on a murder charge growing out of the death of Virginia Gibney, chorus girl, in an Erie hotel on March 18, opened today before a jury in Erie county court here.

Twelve jurors, seven of them women, will hear evidence during the next few days and then decide the fate of young Bechtel.

Bechtel's defense will be built on the testimony of physicians who declare the Gibney girl died from natural causes, although it was admitted she had been choked before she died. The defendant admitted he quarreled with the woman before leaving her room after a party.

The coroner's jury returned a verdict of death from natural causes.

New Castle's Expansion Movement

"Sporting Blood"

Every city has or has not what might be called "sporting blood." They believe in its future or they don't believe in it.

In the first place, they manifest this belief by betting their good money on their city, by putting it into a real estate and home industry, by spreading their currency in development projects.

What is the difference? The first develops, grows from within, annexes from without. If the home folks believe in the home town, outsiders will. If the home folks are afraid to invest in their own home town's future, why should outsiders want to come here?

New Castle expects to raise some money this week for the Chamber of Commerce, in order to make our program of Industrial and Commercial expansion a reality. This money is not being raised to give away, but it is proposed to advertise New Castle to the world; to bring new industries here; to help the industries we now have; to make New Castle the Convention center of Western Penna., with the belief that by so doing our city will advance, and each citizen should participate in and aid to the fullest extent that advancement.

The people of New Castle are not being asked for a gift or donation, but to invest in New Castle's future development. The specific program for the fiscal year beginning May 1927, ending May 1, 1928 is to add 3000 to the population and 10% to the business volume of our present business and manufacturing institutions.

A team Organization of 100 of New Castle's loyal public spirited men and women are calling upon the citizens of New Castle today to secure your subscription for membership in the Chamber of Commerce. They are taking time away from their business to remind you of your civic duty.

Sign Up Now. Be One of the 1000 New Members of the Chamber of Commerce

If you have any "sporting blood" then you will co-operate with other good citizens to make operative New Castle's Expansion Program.

Citizens—the future of New Castle is in your hands.

Fifth And Sixth Grades In Contest

Penmanship Contest Is Scheduled For Schools On Wednesday

A contest in writing in the Fifth and Sixth grades will be held Wednesday, May 11, 1927, at four o'clock, in the North Street Junior High school building. This contest is for the purpose of determining who is the best writer in the public schools, in grades five and six.

A contest of this kind is just what is needed to finish up the year's work. Development comes more quickly through competition than any other way. One pupil strives to out-do another and the other in turn strives to out-do him. Each produces a better piece of work and still a better.

Prizes will be awarded the winners, for grade 5, first prize, a penmanship pennant, which will go to the winning school for one year only; second prize, one dozen ornamental name cards for the winning pupil, written by the Supervisor of writing; third prize, a supplementary practice penmanship book, to be used in the grade of the winning school. The same kind of prizes will be awarded to the winners in grade 6.

At the present time Terrace Avenue school, holds the fifth grade penmanship pennant, and Lincoln-Garfield the sixth grade penmanship honor pennant.

This contest will be conducted by R. F. Marshall, supervisor of writing in the public schools of New Castle.

Columbia Will Not Make Start On Wednesday

(International News Service)

CURTIS FIELD, GARDEN CITY, N. Y., May 10.—The Bellanca Monoplane "Columbia" will not start for Paris tomorrow because storms are sweeping the mid-Atlantic, it was announced here today by Llyod W. Bertaud, who is to be navigator pilot on the flight with Clarence D. Chamberlin as co-pilot.

"The best we can hope for is a start Thursday and even that is uncertain," Bertaud said. "A start tomorrow is out of the question."

Example of American efficiency: Parched deserts lying waste while millions of acres are flooded.
